Letter from the Commission

Dear Arizona Voters:

The year 2006 is a major election year in Arizona. By voting in the General Election this fall, you will be electing candidates for 7 statewide offices and 90 legislative seats consisting of 30 Senators and 60 Representatives.

This Candidate Statements Pamphlet is a nonpartisan, plain-language handbook published by the Citizens Clean Elections Commission, an independent state agency, to give you information about state elections. The Commission's mission is to fairly, faithfully and fully implement and administer Arizona's Citizens Clean Elections Act, which is a campaign finance reform measure initiated by Arizona citizens and passed by voters in 1998. The Act creates a new campaign financing system that provides full public funding to qualified state and legislative office candidates who agree to abide by the Citizens Clean Elections Act and Commission regulations.

Through the successful implementation of the Citizens Clean Elections Act, the Commission seeks to promote public confidence in the electoral process. To learn more about the Citizens Clean Elections Act, the schedule of candidate debates, to watch the debates and the Commission, please visit our web site, www.azcleelections.gov.

Informed voters strengthen democracy. We hope that the 2006 Candidate Statement Pamphlet will help you make informed choices on Election Day.

Respectfully yours,

Marcia Busching, Chair

Ermila Jolley

Gary Scaramazzo

Carl Kunasek

Royann Parker

Disclaimer

Prior to the General Election, one Candidate Statement Pamphlet has been mailed to each household in Arizona that contains a registered voter. The Secretary of State will mail the Publicity Pamphlet that contains the Ballot Propositions and Judicial Performance Reviews prior to the General Election.

Candidates seeking statewide and legislative offices are listed in alphabetical order by political party, then by last name for the office sought. The candidate statements contained in this pamphlet have been reprinted as supplied by the candidates. The candidates listed in this guide were eligible to appear on the general election ballot as of September 12, 2006.

Candidates that did not supply a statement by the deadline date, August 24, 2006, will have only their name, party affiliation and campaign funding listed in the pamphlet followed by the statement, "No Statement Submitted." Candidate statements may have been edited for word count and layout.

The Citizens Clean Elections Commission encourages candidates to submit statements for the pamphlet that reflect their campaign issues. The Citizens Clean Elections Commission takes no responsibility for candidates that use their statement as an attack on their opponent(s).

Voting Rights Act

President Lyndon Johnson signed the Voting Rights legislation into law on August 6, 1965. The Act applied a nationwide prohibition against the denial or abridgment of the right to vote based on literacy tests and poll tax.

In 1975 Congress adopted the language minority provisions amendment of the Voting Rights Act. This amendment mandated bilingual ballots and oral assistance to those who spoke Spanish, Chinese, Japanese, Korean, Native American languages, and Eskimo languages. The amendment requires that "when a covered state of political subdivision provides registration or voting notices, forms, instructions, assistance, or other materials of information relating to the electoral process, including ballots, it shall provide them in the language of the applicable minority group as well as in the English language."

General Election Date

November 7, 2006

Polls are open from 6 a.m. to 7 p.m.

Alternative Formats

This pamphlet is available in alternative formats, including Spanish, large print and audiotape. For information about receiving the pamphlet in an alternative format, contact the Citizens Clean Elections Commission.

Help America Vote Act of 2002

Help America Vote Act of 2002 established the Election Assistance Commission to assist in the administration of Federal elections and to otherwise provide assistance with the administration of certain Federal elections law and programs, established minimum election administration standards for States and units of local government with responsibility for the administration of Federal elections.

General Voting Information

For information about registering to vote, voter's rights, voters with disabilities, or any other general voting information, please visit the Secretary of State's website www.azsos.gov or call Arizona's toll-free voter registration hotline at 1-877-THE-VOTE (1-877-843-8683). Look for your pamphlet from the Secretary of State explaining the ballot measures arriving in your mail.

Debate Information

The Citizens Clean Elections Commission will sponsor a series of debates prior to the General election for statewide and legislative office candidates. Participating candidates are required to attend the debates. Nonparticipating candidates will be invited and are encouraged to participate in the Commission-sponsored debates.

Candidates invited to participate in the debates will be limited to those candidates who will appear on the General election ballot. All candidates must appear in person, not by proxy or electronically, unless to accommodate a disability.

The Commission has contracted with organizations to co-sponsor the debates. The co-sponsors were chosen based upon their experience, resources and perception of nonpartisanship. For additional debate information, including dates, times and locations, please visit the Commission's website, www.azclean-elections.gov. In addition, all debates will be taped and may be seen in their entirety on the Commission's website.

Arizona's Citizens Clean Elections Act

The Citizens Clean Elections Act (Act) is a voter-approved initiative that established a system for publicly funding candidate campaigns. The system is voluntary; candidates may choose to participate to receive public funding or they may choose to raise private campaign funds.

The Act applies to candidates for legislative and statewide offices. To participate in the public funding system, a candidate must raise a number of \$5 qualifying contributions during a defined qualifying period. Contributions from corporations and political action committees are prohibited.

To qualify for funding, participating candidates must apply for public funding within one week after the end of the qualifying period. Candidates who qualify for funding in contested party primary elections may receive an amount equal to the original primary election spending limit.

For the general election, those participating candidates who are opposed may receive an amount equal to the original General election spending limit.

Participating candidates may use a limited amount of personal monies and private contributions. Legislative candidates may use \$580 of personal monies for their campaigns; candidates for statewide office may use \$1,160 of personal monies for their campaigns. In addition, participating candidates may raise a limited number of private contributions, which are called early contributions, during the exploratory and qualifying periods. The early contributions are limited to \$120 per individual contributor.

Participating candidates are entitled to receive matching funds when an opposing, nonparticipating candidate exceeds the primary or general election spending limits.

The following shows the minimum number of qualifying contributions along with the amount each office may receive in both the primary and general elections as well as early contributions.

Office	\$5 Contributions	Primary	General	Early
Governor	4,200	\$453,849	\$680,774	\$46,440
Secretary of State	2,625	\$95,550	\$143,325	\$23,820
Attorney General	2,625	\$95,550	\$143,325	\$23,820
Treasurer	1,575	\$47,770	\$71,655	\$11,910
Sup. of Public Inst.	1,575	\$47,770	\$71,655	\$11,910
Corp. Commission	1,575	\$47,770	\$71,655	\$11,910
Mine Inspector	525	\$23,890	\$35,835	\$5,950
Legislature	210	\$11,945	\$17,918	\$2,980

The Citizens Clean Elections Commission

The Citizens Clean Elections Commission was established by the enactment of the Citizens Clean Elections Act, A.R.S., Title 16, Chapter 6, Article 2. In addition to enforcing the provisions of Article 2, the Commission produces candidate statement pamphlets prior to the primary and general election, sponsors candidate debates, and promulgates rules to carry out the purpose of the Act.

The Commission consists of 5 members:

- No more than 2 shall be members of the same political party.
- No more than 2 shall be residents of the same county.
- No one shall be appointed who does not have a party registration that has been continuously recorded for at least 5 years immediately preceding appointment, with the same political party or as an independent.
- Each candidate shall be a qualified elector who has not, in the previous 5 years in this state, been appointed to, elected to or run for any public office, including precinct committeeman, or served as an officer of a political party.
- A member of the Commission shall serve no more than one term and is not eligible for reappointment.
- No Commissioner, during his or her tenure or for 3 years thereafter, shall seek or hold any other public office, serve as an officer of any political committee or employ or be employed as a lobbyist.

The Commissioners are chosen based upon the following criteria:

- Those who are committed to enforcing the Act in an honest, independent and impartial fashion.
- Those who seek to uphold public confidence in the integrity of the electoral system.
- The Governor and the highest-ranking official holding a statewide office who is not a member of the same political party as the Governor alternate filling such vacancies.
- Governor Janet Napolitano (D) appointed Marcia Busching (D) for the term that began January 31, 2003 and will end January 31, 2008.
- Governor Jane Dee Hull (R) appointed Ermila Jolley (D) for the term that began February 1, 2002 and will end January 31, 2007.
- Governor Janet Napolitano (D) appointed Gary Scaramazzo (I) for the term that began January 31, 2005 and will end January 31, 2010.
- Secretary of State Jan Brewer (R) appointed Carl Kunasek (R) to replace Commissioner Tracey Bardorf for the term that began January 31, 2004 and will end January 31, 2009.
- Secretary of State Jan Brewer (R) appointed Royann Parker (R) to replace Commissioner Kathleen Detrick for the term that began January 31, 2006 and will end January 31, 2011.

The Commission holds regular meetings, which are open to the public. Annually, the Commission elects its chair and reports its activities to the Governor, the Legislature and the public.

Citizens Clean Elections Fund

The Citizens Clean Elections Fund receives its revenues from the following sources:

- 10% surcharge imposed on all civil and criminal fines and penalties collected pursuant to A.R.S. § 12-116.01.
- \$5 voluntary tax check-off per taxpayer who files an Arizona state income tax return. A taxpayer who checks this box receives a \$5 reduction in tax liability and \$5 goes to the Clean Elections Fund.
- Voluntary tax donation designating on an income tax return form filed by the individual or business entity, or by making a payment directly to the Fund. Any taxpayer making a donation shall receive a dollar-for-dollar tax credit not to exceed 20 percent of the tax amount on the return or \$580 per taxpayer, whichever is higher.
- Qualifying contributions received by participating candidates.
- Civil penalties assessed against violators of the Citizens Clean Elections Act.

Tax Credits

Receive a \$5 Tax Reduction

Arizona taxpayers can reduce their state tax amount by \$5 by marking the box entitled, “Clean Elections Fund Tax Reduction” on the first page of their Arizona income tax return form. If you are married and filing jointly, you will receive a reduction of \$10. A taxpayer must have a tax amount of at least \$5 in order to qualify for the reduction. For each marked box, the State also will add \$5 to the Clean Elections Fund.

Receive a Dollar-for-Dollar Tax Credit

An Arizona taxpayer can obtain a tax credit by making a payment directly to the Clean Elections. A donation to the Clean Elections Fund entitles any taxpayer to a dollar-for-dollar tax credit; not to exceed 20% of the tax amount on the income tax return or \$580 per taxpayer (\$1160 if filing jointly) whichever is greater. These voluntary donations cannot be designated to benefit a particular candidate, political party or election, and are applicable only on State taxes. Make checks payable to: Citizens Clean Elections Fund, 1616 W Adams, Suite 110, Phoenix, AZ 85007.

Any taxpayer can also designate that all or part of an expected refund go to the Clean Elections Fund by filling in the amount of the refund in the Citizens Clean Elections Fund voluntary gift box at the bottom of the front page of the tax form.

Candidates for Governor

It has been my honor to serve as your Governor and I'm proud of the progress we've made together. When I took office in 2003, Arizona faced a billion-dollar deficit, the worst financial crisis in its history. Through smart management, we balanced the budget without raising taxes. Today, Arizona enjoys a \$1.4 billion surplus, booming economy and record growth. Our schools are improving and voluntary full-day kindergarten is becoming available to Arizona's families. We are securing our homeland and have deployed the National Guard to assist at the border. Our seniors have access to more affordable prescription drugs and we have fought to secure the benefits our veterans deserve. We have come a long way and we can and will do even more. Over the next four years, we must improve teacher quality and pay, hold the federal government accountable for its responsibilities, and meet the transportation needs of our growing state. We will continue to be fiscally responsible, invest wisely and plan for the future by supporting our communities. I am proud to ask for your support and commit, as your Governor, to continue working tirelessly to move Arizona forward. To learn more about my campaign, please visit www.janet2006.com.

Most, if not all of the problems facing Arizona are the incompetent work product of Republican/Democrat politicians. At this point, the ONLY way to waste your vote is to vote Republican/Democrat. I refuse to participate in 'Clean' elections because I believe the way it is set up compromises the ethics and integrity of its candidate participants. I have proposed an alternative for 'Fair' elections that effectively gives the People of Arizona a wider choice than what the media covers in their mis-guided attempts to protect the Republican/Democrat Party. (see www.HessForGovernor.com). I cannot bring myself to lie and say I'll lessen the burden on individuals by taking more of their money--to run MY campaign. I prefer to run on the issues, not stolen money. I offer a comprehensive plan for education--that actually fixes it and will lift us from 'worst in the nation', the border, healthcare, taxes, eminent domain, vote/election fraud, self-defense issues and much more. If you want an honest, open, constitutional and subservient state government, I offer you the rare opportunity to cast a vote you will be proud of and will never be called to apologize for. Let's put Arizona back on track.

Having been in governments since the early 1960's I have had many experiences most people don't have. As a Candidate for Governor, once elected, I can now perform on a more expeditious level for the American people and specifically the State of Arizona. I have worked in Secret and Top Secret Military Positions and changed many things in the systems I was working for. I have an MBA in Marketing, Corporate Management and International Economics. A BA in Political Science and Business Administration and two years of computer science beyond that. I am here to change the State of Arizona and make it run more efficiently. I am a strong advocate for Solar Energy, Strong Border Defense and fully integrated traffic operational systems. I am for Monorail and Light Rail Service throughout Arizona as well as Emergency Phone systems along all freeways and roads. I am also strong on Education and I'm a Veteran of the Vietnam War. I am also strong on families and family morals.

Candidates for **Governor**

Len Munsil

I'm running for Governor because I love our state and I want to ensure that our children have a strong future. As a third-generation Arizonan, I care deeply about the things that matter to each of us - keeping our families safe, providing a good education, and a strong economy. The first job of government is to protect our citizens. But for the last four years illegal immigration has been a crisis and now Arizona has the worst crime rate in the nation. As Governor, I will pursue a bold agenda in my first 100 days. To address the crisis on the border, I will use advanced radar technology that helps agents track and capture smugglers. Securing our border will be my first priority until it is accomplished. To ensure our children get a quality education,

I am committed to providing excellent pay for excellent teachers. I will empower all parents to have more choices on where their children go to school. To help keep our economy strong, I will reduce taxes. And to reduce the size of government, I will identify wasteful government spending and stop it. We've had four years of talk – it's time for action.

Voting and participating in our government are among our most cherished rights. The Arizona Secretary of State is responsible for ensuring that these rights are protected. Sadly, Arizonans continue to be frustrated by the current Secretary of State who is embroiled in lawsuits, election disputes, and extreme partisan politics. As your Secretary of State, I will reform the way we conduct our elections to ensure that your vote matters. Also, I will work to stop unethical lobbyists from keeping your voice from being heard by our government. As a former member of Governor Napolitano's Cabinet and having previously served as your Arizona Registrar of Contractors, I have the experience of fighting to protect consumers from scam artists and crooks. The issues facing Arizona are much too important to be subject to partisan gamesmanship. My experience will work for you. I am a small business owner, an attorney, and have served in state and local government. My wife is a school principal and we are blessed with two wonderful children. My family provides me with ample evidence daily of the importance of this election for Secretary of State. Let's take this office back from the career politicians and return it to Arizonans.

Unless there is a "certificate of election, signed by the secretary of state" there is no election. And unless there is a computer verifying hand count of at least 5% for each type of ballot cast in the 2008 Presidential Election, Arizona's Secretary of State, Ernest Hancock, will not be signing anything. Those that know me know this is exactly what will happen. www.MyBillofRights.org - www.FreedomsPhoenix.com - www.FreedomSummit.com

I believe voters want integrity in who will run their elections, honesty in who is next in line of succession to be governor, and someone with the experience and leadership to deliver on their commitments. Throughout my 24 years of public service I've always delivered on my promises. And I'm proud to have delivered results. When the voters overwhelmingly passed new requirements to show ID at the polls and proof of citizenship when registering, I stood up for the will of the voters and fought back attempts to derail the law. I've led one of the largest increases of voter registration in Arizona history. I set high standards for security of Arizona's election equipment, including a durable paper trail for all voting machines. Our military soldiers serving abroad will no longer have to worry about delays as they can now vote a ballot by fax. Integrity, experience, and trust. Maybe that's why I've earned support from so many, on both sides of the political aisle. From Senator's McCain and Kyl to the Arizona Firefighters Association. From business sector organizations to the Arizona Police Association. I've earned strong bi-partisan support, and more importantly, their trust. I ask you for your vote.

Candidates for **Attorney General**

Terry Goddard

Party: Democratic **Campaign Funding:** Participating **Web:** <http://www.terrygoddard.org>

Since becoming your Attorney General in 2003, I've worked hard to protect Arizona's families. I've fought crime, especially the danger of methamphetamine, by stopping meth cooks from getting the materials needed to make meth. I set up a border task force to attack "coyote" organizations which smuggle drugs and illegal immigrants from Mexico, seizing millions in assets. I have moved aggressively against child abuse and public corruption in Colorado City. I believe the Attorney General should be Arizona's top consumer advocate. I helped win a \$325 million national settlement with Ameriquest that stopped their predatory lending practices, and sued car dealers to stop deceptive advertising. Actions against drug companies have won hundreds of millions of dollars for Arizona healthcare non-profits. I've also led Arizona's fight against identity theft, and against price gouging at the gas pumps. I'm an Arizona native. Before I was elected Attorney General, I served as Mayor of Phoenix and President of the National League of Cities. I practiced law in Arizona for over 30 years. I enlisted in the Navy and retired as a Commander after 27 years in the Naval Reserves. I live in Phoenix with my wife Monica and our young son.

William Montgomery

Party: Republican **Campaign Funding:** Participating **Web:** www.montgomery4ag.com

Arizona has the worst crime rate in the nation. We have the worst rate of identity theft and the number of victims has nearly doubled over the last three years. We are the major route into the United States for human and drug smuggling. We need strong leadership and decisive action to address these issues on behalf of all of Arizona's citizens to insure that Arizona remains a place where we can live, work, and raise our families in freedom and security. Bill Montgomery is a West Point Graduate, veteran of Desert Storm, and a former prosecutor with Maricopa County, prosecuting drunk drivers, gang members, and repeat felons. Bill has also fought for victims of crime throughout our state as a victim rights attorney. Bill will aggressively pursue tough laws to protect our children from predators, proactively seek out and deter scam artists, lead the fight against illegal immigration, and advocate for more tools and resources for law enforcement to safeguard our neighborhoods and communities. Bill Montgomery is the only candidate with the leadership and prosecution experience necessary to tackle the challenges we face and we need that experience now, more than ever. Vote Bill Montgomery for Attorney General.

Candidates for **Treasurer**

Rano Singh Sidhu

Party: Democratic **Campaign Funding:** Participating **Web:** www.rano2006.com

Arizona can trust that I will restore honesty and integrity to the office of State Treasurer. We must leave politics behind and allow a qualified professional to bring stability to an office in political turmoil. I have lived in Arizona for over two decades and have seen partisan politics create obstacles to the effective management of the states finances. I have spent hundreds of hours serving the state on Boards and Commissions including Governor Napolitano's Finance Review Commission and Governor Hull's Partnership for the New Economy. I have earned a reputation for honesty, integrity and sound public service. The State Treasurer

does not create laws. The State Treasurer is the steward of the People's money; invests their money wisely, and spends it in accordance with Arizona's law and constitution. I will work to grow industries such as renewable energy to create opportunity and security for Arizona families. I will invest in the education of our children. I am a wife, mother of three children, a teacher, and small business owner. As the only Clean Elections candidate I am not owned by special interests. I am accountable only to the people of Arizona. Please visit www.rano2006.com and share your thoughts.

Dean Martin

Party: Republican **Campaign Funding:** Nonparticipating **Web:** www.VoteDeanMartin.com

I'm honored to have served you as Senate Finance Chairman, Judiciary Vice-Chairman, and senior Appropriations member. State leaders asked me to replace the current Treasurer because of my financial and state budgeting experience. I'm running for Treasurer to restore the public faith, trust and confidence in the office. A strong advocate for open government, I've authored numerous sunshine laws. For my work to help regular citizens easily obtain public documents, I've twice received the prestigious "Freedom of Information Award." I sponsored Prop101 to stop property taxes from skyrocketing just because your property value increased, repealed Arizona's Death Tax, eliminated the Marriage Tax Penalty, and passed income & property tax relief. I was named national

"Hero of the Taxpayer" for cutting taxes and STOPPING attempts (supported by my opponent) to create real estate transfer taxes and tax services. The Treasurer invests YOUR tax dollars; the better job done, the lower your taxes should be. Simply improving return on investment in the Permanent Common School Fund will generate millions for local schools. I will use technology to improve investing and accountability. Taxpayers shouldn't need a "secret decoder-ring" to understand what the government is doing with YOUR money. Visit www.VoteDeanMartin.com .

Who should lead Arizona's schools: another politician or an experienced educator?

I am the only candidate who has taught in a public school classroom. This gives me a uniquely qualified perspective to lead Arizona's schools. There is no substitute for first-hand experience working with students, teachers, and parents every day in our public schools. While teaching 6th grade math and science in Oakland, I was nominated for California's Middle School Teacher of the Year Award. I was also elected to the California Teachers' Association State Council of Education, where I assisted in drafting legislation to address issues of educational disparity. For the last 5 years I've served as Teach For America's Executive

Director in Phoenix: Increasing teacher placements by 150% and moving Arizona from the lowest to the highest performing region in the country. Arizona deserves top-notch public schools, and I believe that every one of our children has the right to a free and excellent public education. I am a lifelong Democrat and experienced educator who is asking for your vote to become Arizona's next Superintendent of Public Instruction.

Tom Horne

Party: Republican **Campaign Funding:** Participating **Web:** www.tomhorne2006.com

Tom Horne has emphasized academic rigor in the classroom. Arizona students now perform above the national average on the Terra Nova (the test that compares them to students nationally), the SAT and ACT. Some of Tom Horne's initiatives: Teaching English Language Learners: Now, students entering school, who need to learn English, are immersed in English (not bilingual), so they learn it as quickly as possible and can then compete with native English speakers. Academic Accountability - Schools: Intense focus on accountability of schools ensures that never again will students attend schools where they do not learn. Academic Accountability - Students: Horne is working hard to hold students to objective standards of performance, so that students will

acquire skills they will need to survive in the economy of the future. Classroom Discipline: Created a successful statewide initiative to help schools support their teachers in maintaining classroom discipline. Character Education: Character education programs emphasize universal values like trustworthiness, respect, responsibility, fairness, citizenship, and caring. History Standards: Revised the history standards to emphasize areas neglected in the past: Declaration of Independence, the Constitution, the Revolutionary War, the ideas on which this country is founded, and the Greco-Roman basis for western civilization.

Joe Hart

Party: Republican **Campaign Funding:** Participating **Web:** www.hartformineinspector.com

Joe Hart candidate for State Mine Inspector, is a 4th generation Arizonan. As a businessman, legislator, rancher and miner he is the only candidate with the experience necessary to effectively deal with the issues affecting Arizona's mining industry. Joe grew up working in his family's mines. Upon graduation, Joe went to work for the Duval Mining Corporation. During his 20 years with Duval, he learned every aspect of the mine's operations from driving a haulpak to overseeing safety operations and procedures. Joe served for 10 years in the Arizona House of Representatives. During his tenure he held key leadership positions such as Speaker Pro Tempore and was Chairman of the Public Institutions & Universities, Environment, and Government Operations committees. As a legislator, he championed the Abandoned Mine Safety Fund to protect the public. In addition, he supported legislation to require mining operations to be reclaimed for post mining uses. Joe is a staunch advocate for mine safety, reclamation, strong leadership and integrity. Joe Hart is a proven leader with a track record of supporting issues important to Arizona's mining industry. Joe has been married to Rhonda for 39 years and they have 4 daughters and 6 grandchildren.

Tired of the rising costs of utility bills? Tired of going without electricity? Tired of not having clean water? Senator Ric Boyer is a VETERAN who will fight for you against the “rate shock” of higher utility bills, assure utility companies provide dependable power and clean water, aggressively pursue the development of renewable energy, protect consumers from investment scams, and improve the regulation of corporations doing business in Arizona. His distinguished career as a judge (Bisbee Municipal Court), lawyer, educator, and state senator has prepared Senator Boyer well to face the challenges of fixing a broken Arizona Corporation Commission. Please join the many Arizonans who are voting for Richard (Ric) Boyer, a VETERAN who will fight for you!

My family has been in Arizona since the 1880's. Long-term thinking and responsibility to future generations are necessary elements of stewardship to be expected from elected leaders. I have practiced law for 18 years, earned an MBA, and had my own small businesses over the last 15 years. I'm running for the Corporation Commission to bring new energy to Arizona. The Commission affects the ways we use energy and water, and create new businesses. In approving huge utility rate hikes, the incumbent Commission has demonstrated no will to stop climbing rates. Meanwhile most Arizonans wonder why we have done little to develop our abundant renewable resources, like solar and wind power. I will work to hold rates low and stable, find ways

to use energy more efficiently, and diversify our energy mix toward more sustainable, local sources. This will create well-paying jobs in the state and conserve water. Arizona needs a coherent plan and clear goal to work toward, which harness the creative energies and capital of our entrepreneurs. Investing in our own energy future is one of the brightest economic opportunities we have, and a common sense way to reduce our dependence on and vulnerability to imported fuels.

He resigned his commission so that they could be married. Rick and Linda have now been married for 39 years with three wonderful children and four (soon to be five) grand children. Rick earned his Civil Engineering degree at Tennessee Technological University, where he graduated first in his class in 1969. After moving his family to Arizona

But more important than his knowledge and experience, Rick has Libertarian convictions and a belief that THE BEST GOVERNMENT IS LESS GOVERNMENT. Rick will work to eliminate government waste and to make it easier for businesses to do business in Arizona. Vote for Rick Fowlkes for Corporation Commission.

Kris Mayes

Corporation Commissioner Kris Mayes has spent the past three years fighting for ratepayers and consumers. A nationally recognized advocate of solar energy, Kris successfully led efforts to increase the amount of renewable energy – solar, wind, biomass and landfill gas – produced in Arizona. She held monopoly utilities accountable to their customers by asking why they spend so much money on advertising, sports sponsorships, and executive bonuses during a time of rising energy costs. As the state grows in the midst of a record drought, Kris has worked to mandate that developers use more effluent, rather than fresh water, on golf courses. Kris also successfully led the fight to prevent big developers from forcing a high voltage

power line over the homes of an existing neighborhood in Pinal County. With an eye toward railroad safety in our neighborhoods, Kris persuaded Union Pacific not to place a dangerous storage facility next to a Tempe high school and hospital. Kris also took on pipeline giant Kinder Morgan, making a trip to Texas to ask their CEO to replace and expand Arizona's aging gasoline pipelines. A Prescott native, Kris received an MPA from Columbia University, a law degree from ASU and a B.A. from ASU.

Why Corporation Commission and why now? Arizona is approaching the crisis level in its demand for water and energy. Investment and Security fraud is a serious problem. Utility rates are also on the rise. Decisions made by the Corporation Commission affect the everyday lives of Arizonans. I am committed to keeping utilities affordable and to stamping out fraud and corruption. Detailed and critically important decisions need to be made now concerning the rates we pay, expansion of power facilities, renewable energy standards, and the survival of over 300 non-municipal water companies. My experience and leadership as a business owner with 70 employees; Yuma County Supervisor; Majority Whip and State Legislator; Planning and

Zoning Commissioner; and Chairman of Transportation make me uniquely qualified to critically study and make decisions involving the important rate and infrastructure issues facing Arizona. Having lived in Arizona for 46 years (Mesa, Yuma, Tucson, Sierra Vista) and camping all over the state with my wife and four Eagle Scout sons have given me an appreciation for the heritage of Arizona and the sacred trust place placed in me as an office holder. I appreciate your past confidence in me and ask for your vote for Corporation Commissioner.

I live in Chino Valley, and have been an Arizonan for ten years. Currently teaching at Northern Arizona University in Prescott, I have been a teacher, principal, and superintendent of schools, earning many awards throughout my career, including Superintendent of the Year and Outstanding Performance in the Service of Taxpayers. Being a strong champion of education, I will fight for increased teacher salaries, affordable higher education, and fluency in English for all our students. Affordable, accessible health care for all Arizonans is a must. I will help small businesses provide health insurance for their employees, bring the costs of prescription drugs down, and get more physicians and clinics for rural Arizona. As Arizonans, we cherish

our environment. I will work with our local communities to assure wise use of water, develop regional transportation options, and promote new businesses and jobs in alternative energy production and green industries. We need to secure our borders with the best in technology. With a guest worker program in place to support Arizona's economy, we must establish and enforce sanctions on employers who provide a magnet for illegal immigration. We need to keep Arizona safe, strong, and prosperous. Vote for Kelleher on November 7.

For six years I represented the people of Arizona and District 1 in the State House. As Chairman of the House Natural Resource Committee, I fought to protect our water resources, forests, communities from wildfire danger, and our quality of life. I have consistently voted to cut taxes and advocate for fiscally responsible budgets. I believe in securing our borders and proposed a border plan that places law enforcement on the border, identifies illegal aliens in our jail systems and complements federal efforts. I also voted for employer sanctions against those who hire illegal aliens. I am strong advocate on education, healthcare, elderly, veteran, economic development and children's issues. I have received over 30 awards for leadership

My experience includes running my own local business and working at the State capitol researching legislation and observing the political process. I believe the most important issues in Arizona are either being ignored or poorly handled. It is time to address the water crisis we are facing in the west as our aquifers are collapsing from over use and our underground water supply faces permanent exhaustion. This issue must be our top priority. Beyond this, I will focus on lowering pollution levels, increasing wages for the working class, providing pay raises for teachers, reducing light pollution and lowering taxes by reducing government waste.

We currently spend more than \$23,000 per year on the average prisoner, yet we spend less than \$4000 per year on the average student. This must change. Education must be a higher priority than incarceration. If we ignore our students we will end up with more prisoners! It's time to think independently. It's time to vote independently! I will advocate at all levels of government for improved infrastructure development, water, electricity, and roads. These improvements are only required safety standards that come hand in hand with a quality education - A balanced educational budget that meet the needs of teachers of Rural Arizona with a cultural educational curriculum that meets the needs of District 2. I will advocate for improved educational system of a greater accountability to ensure students achieve success. Our natural resources must be respected and protected. We must wisely consider the use of alternative renewable energy. District 2 is one

of the richest natural melting pots in the country and we must consider the best, effective, and protective ways for development for our future economic growth. As a veteran our Veterans serve to PROTECT Our FREEDOMS – I will advocate for our Veterans the Honor, Respect, and Benefits they Deserve! Dear Friend, It has been an honor and a privilege to represent you in the Arizona State Senate. With your support, I have worked to lower the burden that taxes place on you and your family. I have worked to secure our borders and stop the invasion of illegal aliens that has had such a detrimental effect on our state. Most importantly, I have remained true to my conservative principles. In 2005 and 2006, I received the Barry M. Goldwater Award for having the highest rating in the Legislature from the Arizona Federation of Taxpayers. In 2005 they rated me Champion of the Taxpayer and 2006 I received the first ever Hero of the Taxpayer Award. I was the highest rated Senator by the Goldwater Institute. With your support in the up coming election, I will continue to fight for the conservative principles of lower taxes and limited government, secure borders, and traditional family values. My promise to you is this; As your State Senator, I will remain a strong advocate for our shared conservative values and continue to fight for what's best for the citizens of our district, Thank you for your support. Fifteen years ago, I came to Arizona as a doctor serving in the National Health Service Corps. I've treated the homeless in central Phoenix, meth addicts in rural clinics, and everyday folks in my private practice. I'm running for Senate to fix problems our legislature ignored. Rising medical bills—I'll fight for affordable health care and prescription drugs. Traffic—I'll lead the way for planned growth, with needed roads, commuter rail, and sustainable water. High gas prices—I'll make Arizona the leader in renewable energy and free us from foreign oil. Education—let's retain good teachers with fair pay.

I'll also protect our border, prosecute human smugglers, and—since jobs are the magnet drawing people here—I'll sanction employers who knowingly hire illegal immigrants—something the incumbent failed to get done. As an addiction specialist and gun owner, I know the real cause of crime: substance abuse. Addiction also tears families apart, leaving struggling single moms, and grandparents raising grandkids. I'll spearhead forced treatment of drug-addicted criminals—tough programs that cut crime 40%, save tax dollars, and restore families. Sensible solutions save money, keeping taxes low. My website, votegogek.com, has more issues and responses to my opponent. Vote for me; together we'll get things done for Arizona.

I am honored to serve you in the Arizona State Senate. I served eight years in the US Army and Arizona Army National Guard. My wife and I have been married 16 years and I am proud that she is a public school teacher. We have two wonderful daughters, who attend public schools. During the past 4 years, I have fought for the assignment of the Arizona Army National Guard to protect our borders, elections integrity, to decrease wasteful spending, for constitutional freedoms, property owners' rights, the sanctity of life, and traditional marriage. I received the "Champion and Friend of the Taxpayer" awards every year, an A average by the Goldwater Institute, A rating from the NRA and "Friend of the Family" awards. I have been generous

with my own money, rather than the public's. My democrat opponent seems like a nice gentleman. His party though, has been hypocritical in it's characterization of Republican elected officials. I want to serve as your next State Senator because it is important to have strong, conservative, principled leadership representing us in the Senate. My issues are your issues. We care about lower taxes because we can best determine how our own hard-earned money should be spent. We care about small government because it allows us to live out our American freedoms. We care about responsible use of tax dollars, keeping spending in check, and demanding a balanced budget. We care about our Second Amendment rights and our right to defend our homes and family. We know that life is sacred and we must protect it. We care about securing our borders and strong enforcement of our immigration laws. Our shared values have

made it my honor to represent you in the Arizona House of Representatives. If you check my voting record as your current State Representative, you will see that I have consistently fought for these conservative values. As Arizona continues to grow, the opportunity to create an extraordinary community lies before us. I believe that a politically balanced Legislature is the key to the discovery and implementation of diverse ideas which will result in positive change. I am committed to stepping outside what has become the “norm” of political agenda by working to find consensus among my fellow legislators and our Governor regardless of party affiliation. Real progress will result through clarity and alignment of vision. Excellence in education, secure borders, and accessible healthcare are what will guarantee our future prosperity. I will initiate and support efforts to create a new benchmark for excellence in the classroom resulting in providing our children with an education that other states will recognize as an example of greatness. I am committed to generating responsible immigration policy with strict border patrol and advancing access to affordable healthcare for all businesses and individuals, regardless of age and income. My wonderful husband, David and I are most proud of our three inspiring children. We need a State Legislature that represents the public's views on education, economic development and crime reduction. As someone who was born in Arizona, I have a strong commitment to this State. I went to the University of Arizona for Law School and an MBA and I know how much a strong public education system means to Arizona's future. Education is an investment that will reap financial rewards for our State by helping us recruit high-tech, high-wage jobs. Education will enable us to sustain a growing economy and a future of progress. As a former prosecutor, I am all too familiar with our rising per-capita crime rate. I know that to combat crime and better our community we must not focus solely on punishment, but also on

crime prevention. In this way, we can make sure that our finances are secure and our neighborhoods are safe for our children. I plan to gather broad based support through promoting a common agenda in which the majority of Arizonans believe. Creating a stronger economic climate in Arizona, a better educational system and safer streets are not partisan issues, but are issues that have been neglected. It's time for policies, not politics.

Citizens in LD-9 deserve a State Senator who believes in working with voters and elected officials at ALL levels, whether they be Republicans, Democrats, or Independents. This takes a leader with the record and willingness to listen and cooperate. In my six years on the Peoria City Council, I proved my willingness to work for the public first, not the party. Problem solving must be our primary concern, not party affiliation. We need officials who are not tied to special interests to work for immigration and education reform. I intend to help stem the flow of illegals by requiring employers to check the status of new hires, as well as provide public safety officials the means to do their part of enforcing the laws. As a former classroom

teacher, I want to stem the tide of good teachers leaving the profession by systematically raising teacher salaries and creating real programs to insure accountability. I am committed to the curtailing of party grandstanding and cronyism. I'm willing to promise bipartisan cooperation. What more could you ask? I would like to take this opportunity to thank the voters of Legislative District 9 for the privilege and honor in selecting me to serve you for 12 years in the Arizona House of Representatives and currently as your State Senator. Many of those elected to the State Legislature are there supporting and advocating for the spending interests, it has always been, and continues to be my goal to advocate for the taxpayer, those of you who provide the resources to support the required government functions. For 8 years in the House and currently serving as the Appropriations Committee Chairman in the Senate it has always been my policy to act as a gatekeeper as opposed to a gift giver of taxpayer's money. As your State Senator I will work hard to keep Arizona safe, strong, and prosperous by providing leadership that is innovative and sensible. I believe that Arizona's expansion and growing tax revenue provide us with the opportunity to become the most modernized population center in America. Getting there requires a long term plan that invests in Arizona's people by fully funding education, public services, transportation, and a clean environment. By building a strong and robust Arizona we will attract the high tech corporations and business leaders who will help move Arizona forward. I will support tax incentives for small business owners that will help them provide affordable health care for employees and fuel the engines of innovation

at the same time. The current Republican party's leadership has resulted in a culture of arrogance that eliminates the fundamental principle of debate and compromise to achieve the best solutions for the people of Arizona. Instead, public education has declined to a disgraceful low, transportation and public safety lag behind, and wages have not kept up with the increasing cost of living. I believe there is a better way and I will work hard for the people of Arizona.

During the last four years, our State has made significant progress. With Governor Napolitano's leadership, we have turned a billion dollar deficit into a billion dollar surplus. Our schools are improving. Steps have been taken to secure our border. But we can do even better. From education to public safety, the legislature has chosen to play politics at the expense of our children's future and the safety of our families. Instead of heeding our law enforcement officials' warnings about the growing methamphetamine plague and its impact on our families, our legislators side with special interests and keep this drug's ingredients on store shelves and in dealers' hands. As co-owner of Runner's Den, I know the importance of fiscal responsibility. As an active

public school volunteer, I know the critical importance of providing our children with a quality education. As a mother, I know nothing is more important than the safety of our families. My wife of 41 years, Anna, and I have lived in the West Valley for over 40 years. We are blessed with 9 children and 17 grandchildren, so we understand the value of the family, of commitment, and of hard work. My principles are derived from my faith, my military service, and my experience. As a young man I served in the United States Army as a paratrooper in the 101st Airborne Division. As a legislator, I have a clear record of devotion to the reform of our pitiful immigration laws, to the completion of our West Valley freeway corridors, to tax relief, and the protection of our jobs. Our district is one of the fastest growing legislative districts in the State of Arizona, which means growing burdens on our government's top priorities: our devoted teachers, our firefighters, and police officers. I am not afraid of asking the hard questions on the most controversial issues, even if it means ruffling a few feathers. The government should be accountable for all of your tax dollars and should fix, modernize, or eliminate the old programs before creating all new ones. I am deeply grateful for the opportunity to serve you.

State Senator Richard Miranda has been responsible for two new community health centers being constructed in the Maryvale community and the Tolleson-Avondale area. Senator Miranda sponsored legislation that expanded pre-natal health and nutrition that significantly reduced the incidents of birth defects and helped the effort to provide more choice in health care services. Senator Miranda is being awarded the “Excellence in Education” by ASU. Working with his school districts, Senator Miranda has implemented the Alpha project in partnership with ASU resulting in doubling the number of high school seniors attending college. Your strong support will allow Richard Miranda to continue working for the children and families of District 13.

Debbie McCune Davis

Party: Democratic **Campaign Funding:** Nonparticipating

Restoring the public's trust in state government is a key reason for Debbie McCune Davis' candidacy. As a well-respected legislator and community leader, Debbie has helped to shape sound public policy and effective community programs. She lives and works in the heart of District 14. Her neighbors' concerns are her concerns – improving education, keeping neighborhoods safe, improving our economic opportunities, protecting our unique environment and heritage, limiting the impact of predatory lenders, and ensuring Arizonans receive the quality health care and insurance benefits they deserve. Debbie McCune Davis believes we must encourage families to give children the “roots and wings” they need to thrive.

During the last twelve years I have been a progressive voice in a very conservative legislature. Issues such as education, tax policy, and neighborhood revitalization have been top priorities for me in the State Senate. I have joined Governor Napolitano in fighting for increasing teacher pay, decreasing class size, and requiring financial and academic accountability in our schools. This year I sponsored legislation that would stop municipalities from giving tax incentives to big retailers such as Wal-Mart. These tax giveaways have had a detrimental effect on small Arizona businesses. Three generations of my family have grown up in central Phoenix. This has made me a strong advocate of keeping our city dynamic and strong. Over the years I have sponsored or co-sponsored legislation to clean up blight in our neighborhoods, rid our city of slumlords, and makes people responsible for maintaining their property. My commitment to protecting our environment has continually earned me an A grade from environmental organizations. The Sierra Club has endorsed my candidacy once again. Please vote for me in the November election.

As a civil engineer, Andrew's professional and civic involvement has provided him with the opportunity to get to know the issues in District 15. His upbringing, education and professional experience have also given Andrew the opportunity and privilege to travel throughout Phoenix and Arizona, speaking with and listening to citizens, government officials and civic organizations. This experience has provided Andrew with a broad knowledge of the issues - local, state and national – and the specific context of how these issues affect everyday Arizonans. If elected, Andrew will work for a long-term energy plan that would examine fossil fuel demand and supply, existing infrastructure, alternative fuel options, impact on the environment, and how best to manage all of these aspects as Arizona continues to grow. Andrew understands that the power behind Arizona comes from its neighborhoods and will work to keep them safe. Andrew will make certain that all of the constituents in District 15 are represented. Leah Landrum

Party: Democratic **Campaign Funding:** Participating

Representative Leah Landrum has proudly served the people of her district for eight years now. In that time she has served in leadership posts and on key legislative committees. Leah Landrum has earned her reputation as a leader in environmental, economic development and education policy. As a member of the environment committee she has developed legislation to improve our air and water and to reduce the “brown cloud” we suffer. Representative Leah Landrum is also a national figure in finding jobs and affordable housing for our citizens. She has served on several national committees and studied this issue at the JFK School of Government at Harvard.

Representative Leah Landrum is a third generation native Phoenician who went to Xavier then graduated with her bachelors and masters degrees from ASU. She founded the Landrum Foundation which is a non-profit that provides financial support for students. At the Capitol she is also a leading advocate for providing the best possible education for our children. She has also passed landmark legislation promoting adoptions and securing rights for grandparents in foster care cases. Leah is also fiscally responsible and sits on the powerful Ways & Means Committee which controls tax policy.

Immigration is the most important issue that we face in Arizona. Both Democrats and Republicans acknowledge that our current system is broken, but they can not agree on a sensible solution to move us forward. Immigration is a humanitarian issue, as people are dying in the desert and living among us in unhealthy conditions. It is a community issue, as immigration impacts our education and healthcare systems. It is a security issue, as our current borders leave us vulnerable to unwanted trafficking of drugs, weapons and terrorists. I believe we must all work together on a comprehensive immigration reform plan that includes meaningful border security, enforceable employer sanctions, and a guest worker program that

allows people to regain their dignity. My pledge to District 16 voters is to approach the immigration debate with an open mind and work to find solutions that both Democrats and Republicans can support. In the words of John F. Kennedy, “Every area of trouble gives out a ray of hope; and the one unchangeable certainty is that nothing is certain or unchangeable”.

I am honored to have represented you in the state House for six years and ask for your support for the State Senate. A founder of the bipartisan Children's Caucus, I've helped ensure full-day kindergarten and fought for raising teachers' salaries. I've worked with Governor Napolitano to create the ASU bioscience center that will be developing cutting-edge medical research while creating high-paying jobs for our community. My priorities for the next session will be more resources for local law enforcement, promoting alternative energy research that will reduce our dependence on foreign oil and create jobs, and support for real immigration reform that targets corporations that hire illegal immigrants and cracks down on human smugglers, money launderers, and the violent crime they bring. I have lived in Tempe for thirty-six years, and earned a bachelor and master degree from ASU. Our family believes in public service. I serve on the Arizona Emergency Medical Services Governing Board, the National Legislative Association on Prescription Drug Prices, and the Phoenix Disability Commission. And my only child, Brendan, is a medic and a Navy Seal. With your vote of confidence, I will represent you with a thoughtful, thorough and truthful voice in the Arizona state Senate.

My grandparents are native Arizonans, and in 1989 my husband and I returned to Tempe to raise our three children. I was drawn into Arizona politics through my years of community service on educational and children's issues, beginning with PTA, as a school volunteer, and a Girl Scout Leader. I am currently Vice President of the Tempe Elementary School Board (serving my 6th year). I am also a court appointed volunteer mediator for the Maricopa County Justice Courts. I am an advocate for children and seniors and a proven leader in our community. I will work hard to ensure Arizona's economy is stable, to keep our neighborhoods safe from dangerous predators, and promote strong economic development. We must reduce the high school drop out rate and must ensure every child makes adequate academic progress annually. I will pursue increased accountability in education through better allocation of existing revenues without additional taxes. Border security must be a priority this legislative session. Protecting the Family . . . That's what it's all about! The family is the cornerstone of society. America will be as strong as our commitment to the family. I will continue to fight for Arizona families by being your 'Voice for the Family' at the state legislature. I am seeking re-election as your District 18 Senator to continue my legacy as #1 Friend of the Taxpayer where I will carry on my battle to lower the tax burden on families and businesses. I will vigorously uphold: the state's responsibility to secure our border, 2nd amendment rights, educational choice, precious right to life, states' rights, election reform to insure every vote is accurately counted, and less government, more individual responsibility per our Constitution.

As I campaign, one question people ask me is my political party. I am running as a Democrat, but that is a label, not a focus. My focus is non-partisan. Regardless of party affiliation, everyone wants the same things: healthy family life, meaningful job and safe neighborhood. Good career opportunities and family life come from having a strong industry in Mesa so families spend less time commuting and more time with each other. I will work so this happens. Education is a key to a good quality of life. I will work to create the best K-12 and lifelong learning opportunities. Currently, health insurance is beyond the reach of many people. Creating an affordable, accessible system is essential. That is a high priority of mine. Safe neighborhoods are essential to our quality of life. I was present when the new Mesa police chief was sworn in and I am committed to working with him to implement his initiatives. One important point regarding safety is sound immigration reform. I work professionally with border agents and have front-line perspectives to this problem. This November, you can vote for labels and the status quo or a new vision for a better Mesa.

Chuck Gray

Senator Chuck Gray was born and raised in Mesa. Chuck and his wife Connie chose to raise their five children here and are committed to the well being of this community. Chuck's lifetime of service is a testimony of his commitment to Mesa. He served 10 years as a Mesa Police Officer. He was a Scoutmaster for 4½ years. He taught for 2 ½ years an anti-gang program in ten of Mesa's junior high schools. Chuck also helped troubled youth stay off the streets on Friday and Saturday nights through the Police Athletics League. Before becoming a Police Officer, Chuck worked in the family construction business and now runs his own business. He championed the idea of Arizona moving beyond business friendly and becoming business fertile by streamlining taxes, regulations and red tape. Senator Gray served three years in the Arizona House of Representatives and now serves as State Senator. Chuck fought to protect private property rights, reduce identity theft, promote water conservation and require government accountability. Senator Chuck Gray was named 'Friend of the Family' every year since 2003. The Arizona Federation of Taxpayers also named him 2005 "Champion of the Taxpayers".

I strongly believe in a citizen legislature that works for everyone. Arizona's growth and human capital provide us the opportunity to be the best state in nation. I support full-day Kindergarten and a solid K-12 and college education system that adequately prepares our young people for the future. I will lead on effective immigration policies that hold lawbreakers at all levels accountable. I will aggressively promote smart growth strategies to reduce sprawl and plan for our future transportation and resource needs. I will work for health care access for all our citizens. As a 10 year U.S. Navy veteran, the wellbeing of our Arizona service members is a top priority for me. I believe that fiscal responsibility and meeting the needs of our citizens are mutually compatible goals. More importantly, I believe that while the legislature must always function as a check to the Governor's power, we must work together to serve Arizonans. For too long, our State Capitol has been bogged down by narrow special interest groups, partisanship, and entrenched career politicians, whom we can no longer afford to accommodate. For his accomplishments, Huppenthal has been honored as legislator of the year by Hospitals, Vocational Education, Arizona Cancer Society, Doctor's Association, Developmentally Disabled, Federation of Independent Business, Elderly Housing, the Blind Federation and number one friend of the Taxpayer. The Chamber of Commerce gives him high approval. Huppenthal has successfully introduced legislation on National Guard deployment, Education, Health Care, Transportation and Retirement. Huppenthal has consistently balanced the budget while supporting enhanced education funding accompanied by reforms and accountability. Huppenthal's passion is education reform and he reads voluminous research to determine best practices for schools. Kyrene, Chandler, and Tempe districts use Huppenthal's legislation for career ladder and prop 301 performance pay – performance pay legislation adding over \$3,000 annually to teacher pay. Huppenthal is proud of his success at making Arizona both number one in school choice and economic growth. Huppenthal has successfully supported income, property and vehicle tax reductions accumulating to over \$11 billion.

It's been an honor representing District 21 the past four years in the State Senate. Prior to that I served as Mayor of Chandler for eight years. Currently I am the majority whip and have represented my constituents in a thoughtful, effective, and responsive manner while working hard to improve our state. My focus has been on our core priorities including: education, public safety, transportation, family preservation, tax relief and reform, and private property rights. I've worked on border security by helping develop sensible and comprehensive legislation to combat the serious illegal immigration problem we face. Getting Arizona back onto a healthy fiscal track has been another key priority. I have supported positive economic development efforts and policies that are paying dividends in terms of jobs and growing our economy. We've moved the state forward in a progressive manner these past four years and helped restore the public's confidence and trust in the legislature. I want to continue my positive efforts on your behalf and ask for your support so that together we can continue to make Arizona a better place to live, work, and raise a family.

Arizona is at a crossroads. Our educational system ranks last in the nation. Gasoline is over \$3.00 per gallon. Every day more Arizonans are working two or more jobs just to make ends meet and still do not have healthcare. Crime is on the rise, our communities are divided over property taxes, and seniors must choose between food and medication. At a time when Arizonans expect real solutions, our legislature has delivered half-baked legislation that has weakened our state economically, socially and made it much less secure. I'm Glenn Ray, a Democrat running for the Senate in District 22 because I see the needs of our families and a growing state being ignored. As an Iraq War and Mexican border veteran, I know the Republican border

plans won't solve the problem. I understand that important issues like education, immigration, healthcare, and economic development cannot be solved by Republican big government or unfunded mandates. Arizona's problems can only be solved through partnerships of citizens, business and government who must work together and not apart. As your Senator, I'll bring a much-needed balance to the legislature and move Arizona forward with PRIDE. On November 7th, elect Glenn Ray and give Arizona a fighting chance.

The Federal Government is out of control. It will take amendments to the US Constitution to bring it under control. These amendments will include: line item veto, balanced budget amendment, term limitations, initiative, recall(including recall of Federal Judges), as well as requiring legislation to be focused on a single subject(i.e. no pork barrel riders). In order to thus amend the US Constitution, it will be necessary for 33 States to call for a Constitutional Convention and I propose that we start right here in Arizona. I pledge to attempt to get our State government to do this and, if it won't, then I pledge to support an initiative process to force our State to do it. American Capital is being invested in foreign countries and foreign nationals are buying up America at such a rate that we are being transformed into a third world country before our very eyes. American Capitalists have built up China's economy to such a degree that they are now a major competitor in the world's market for oil, which has driven up the price of oil and gas to a fantastic degree. To slow this down requires first controlling the Federal Government.

I successfully put forth my Bills on unlawful employment practices (HB2823) and the formation of the Arizona State Border Guard (HJR2001). You face a choice this November. Should the Legislature remain in the hands of those who daily demonstrate ethical conflicts? Why not give Governor Napolitano a legislature that works with her, not against her? Simply for partisan politics the current majority fought every proposal she made. They tried to gut Clean Elections even while supporting a member guilty of abusing Clean Elections who wouldn't vacate his seat. They use immigrant policy as a political game. They pander for votes using the referendum process, deliberately creating divisive public policy. Those aren't my priorities; they shouldn't be yours. Our Governor has a steady, reliable hand. She fought stiff resistance to create a \$1.4 billion surplus while improving our schools even after inheriting a state government in disarray and a \$1 billion deficit. Her actions put our state on the road to stability and prosperity. Much work remains. We must increase our high school graduation rate. High school provides tools for success, reducing future social service burdens. We must support federal efforts to secure our border. We must make investments that attract well-paying jobs. I will make these improvements my high-priority list. I ask for your vote on November 7.

It has been a privilege to serve the last four years as Senate Majority Leader; Southern Arizona's first in more than 16 years. Last year I was honored by the Vail School District with the Distinguished Service Award for my support of education. I pledge to continue to promote a strong education system. Throughout my time in office, I have worked hard on issues surrounding illegal immigration. I sponsored legislation that ended loopholes allowing illegal immigrants to get Arizona Drivers' licenses and created the crime of human smuggling to enable prosecution of coyotes that bring illegal aliens across our border. This last session, I sponsored the Castle Doctrine which further protects your right to self-defense and the Private Property Rights Protection Act. With the improvement in revenues, I advocated for property and income tax cuts, equitable funding for the UofA and UofA South, the Southern Arizona Veteran's home, trauma services funding for UMC and funding increases for home and community based services for the elderly. I will continue to work hard to represent our district and respectfully ask for your support.

My wife Aaronetta and I have been married for 44 years and have three children. We moved to Arizona in 1995 to enjoy the small-town atmosphere? I have founded and managed several small businesses, most recently providing technology consultants to corporations worldwide. My priorities are: Education: Arizona students deserve the very best. The Legislature should: assure that voluntary all-day kindergarten is available to every child and family in Yavapai and Coconino Counties; make college more affordable so students in rural Arizona have the same opportunities as Phoenix children; increase teacher compensation to competitive levels; and require more ongoing training. Immigration: If we cannot control our borders, we cannot control immigration. Tough border control should be the first priority and we must address the impact on local communities. Healthcare: Healthcare is a shared responsibility of business, citizens and the government. I will work to make Arizona a leader in innovative, cost-effective solutions to our health care crisis. Environment: In order for Arizona to continue its economic growth, we must be better stewards of our natural resources. We have an opportunity to make Arizona a pace-setter in solar power and alternative fuel technologies that will reduce our dependence on foreign oil.

George Seaman

Party: Independent **Campaign Funding:** Participating **Web:** George-Seaman.org

A third generation Arizonan, registered nurse, veteran, and grandfather, George Seaman has lived and worked for the last 20 years in the Central Highlands of Arizona (District 1). A citizen activist, he has recently been involved in regional water issues, working to protect aquifers and rivers in the face of unprecedented population growth. During Prescott's 2005 election, George served on the Steering Committee of the very popular Reasonable Growth Initiative (Proposition 400) which increased citizen involvement with large annexations and mandates a safe yield policy for water on such annexations. Proposition 400 received 57% of the vote.

Arizona's Central Highlands are experiencing an ever widening gap between the explosive growth rate and the inability to provide the necessary resources and infrastructure to sustain that growth. In addition to obvious concerns regarding safe and sustainable water supplies, the issues this year will include long term sustainable economic ventures, roads, public safety and the use of incentives. State laws need to be made that enable, not limit, local governments to deal with these situations. District 1 needs a representative in the Capitol that recognizes this impending problem, and who will work toward empowering regional solutions to these complicated issues.

Lucy Mason

Party: Republican **Campaign Funding:** Participating

Lucy Mason represented District One for the past four years. She has served on many committees, and currently is serving as Vice-Chair on Appropriations, and is a member of the Natural Resources & Agriculture and the Universities, Community Colleges & Technology committees. She is Chair of the Ad Hoc Renewable Energy Committee and has enacted into law several energy bills that conserve water and reduce utility bills. She is an effective legislator and consensus builder. Lucy is a strong voice for Rural Arizona and small business. She continues to fight for fiscally responsible budgets that provide reasonable tax cuts, avoid deficits, and meet the critical needs in Arizona for roads, public safety, education, Veterans, children, and healthcare.

Lucy believes it is critical to secure our border. She met with federal Homeland Security officials and as a result, proposed a border security plan that increases law enforcement on the border immediately, deports criminal illegals quickly, and protects Arizona citizens by providing resources that support the federal government's plan, rather than duplicating it. Lucy is a strong advocate for renewable energy, water, and our forests. Lucy is a proven, fiscally responsible, experienced and conservative legislator that tackles tough issues with common sense.

District 1 and all Arizona are currently faced with issues like never before! My fifteen year history in our District, commitment to family and community, involvement in issues and thirteen years in banking, fourteen years building my own insurance business, CEO of a small aerospace manufacturer and a life long community volunteer and national leader, makes me your best choice for the House of Representatives.

My priorities are: Secure our borders. Stop the flow of drugs and human smuggling. Simplify and lower our taxes. Growth management and a sustainable water supply. Safe neighborhoods, adequately resource law enforcement. Ensure Arizonans access to medical services and insurance coverage. Resource our healthy

forrest issues. Education is a national security issue. Investment in education is a priority. Protecting our 2nd Amendment rights. Improving Rural Arizona as a year around vacation and convention destination. Pro-Life and support parental notification and traditional marriage. Continue to grow a diverse job market. Transportation Planning. I would deeply appreciate your vote and support. Endorsed by Arizona Fire Fighters, Az Police Association, Arizona Chamber of Commerce, Arizona Physicians Association. I will work hard for you! Thank you! Andrew "Andy" Tobin

I am proud to serve District 2 and to work for improving public education, protecting Arizona's children and getting high paying jobs to our state. Arizona now has the resources to make wise investments in our quality of life, thanks to a budget surplus in excess of \$1 billion. While there are those who want unlimited corporate tax credits, I am determined to fund better schools, services to our communities and resources that will make neighborhoods safer. I continue to fight for our fair share of state revenues for education, healthcare and economic development. I support life-long learning, from optional full day kindergarten to our universities. Northern Arizona University needs dedicated resources to provide a quality and diverse education. I am a native Arizonan with deep roots in Northern Arizona. My mother was a school teacher and my father owned and operated Lee Mercantile in Whiteriver. I was born in McNary and graduated from Blue Ridge High School. I care about my district and am working to ensure Rural Arizona is not forgotten at the State Capitol. Committees: Ways and Means, Ranking Member; Natural Resources, and K-12 Education. Preston Korn's experience in business and community activities has prepared him to be a great asset to the state legislature. He has built several successful businesses including Safe Access, an Internet filtering company which was rated the number one ISP in Arizona in 2002. He has also served in church and community activities, impacting the lives of preschoolers through adults. Preston is a husband and father of two young boys and believes the family unit should be held up as one of the most stabilizing factors in our society. Preston also believes that the role of government is to take care of the tasks which are common to us all and nothing else. He asserts the importance of corporate and personal responsibility. He believes our education system has needs that must be addressed. He believes that everyone should be responsible stewards of our environment. In addition, he believes that we should pursue the things which make for peace and building up of one another. Preston is your best choice and would be honored to represent District 2. I am a candidate because I want to help give every Arizonan the opportunities I had and because I believe in the American Dream, a dream I fought for as a paratrooper in Vietnam where I was awarded the Bronze Star. As your State Representative, I will fight for smaller classes for our children and better salaries for their teachers. I will work for real immigration reform that includes employer sanctions and cracking down on human smugglers. I support the Minimum Age initiative because no one who works full-time should live in poverty. Above all, I believe in finding solutions to Arizona's challenges, not in playing politics. I have lived on the Colorado River for 36 years, served on a School Board, owned my own business, and raised a family here. After working for a Metropolitan Water District for 32 years, I know the importance of a sustainable water supply, and I will work diligently to protect our water, especially our rivers. I am a life member of the 82nd Airborne Association and the Veterans of Foreign Wars and am a member of the American Legion and the Knights of Columbus. With your vote, I can represent you and bring commonsense solutions to Phoenix.

Debra Boehlke

Party: Democratic **Campaign Funding:** Participating **Web:** www.district4debra.org

Debra Boehlke stands for COMMON SENSE leadership. Her concerns are centered on the need for a strong infrastructure to move Arizona's current explosive growth into a safe, prosperous, and sustainable future. This infrastructure must include conservation measures to preserve our limited water supply and planning now for mass transit, which would relieve our air-polluting, stress-producing traffic congestion. Our quality of life is harmed when we spend hours stuck in traffic away from our families. Debra knows active recruitment programs for more police, doctors, and nurses are needed. Our future also depends on investment in the education of our children. Increasing pay for teachers and actively supporting our public schools prepares students to become good American citizens with modern day careers. Technology can assist us in securing our borders, and strong employer sanctions must be implemented and enforced. Debra has built a successful business and served as an elected community leader, increasing revenue streams, and never raising taxes. She will not stand silent, allowing legislative time to be spent on fringe, ideological bills and personal agendas. It is time for leaders who take positive action for our future. A vote for Debra Boehlke is a vote for COMMON SENSE government!

I'm running for the House of Representatives because we need a legislature that will work with our Governor to pass meaningful legislation to benefit Arizona and its people. We need Legislators who will listen to the concerns of the residents of District 4 and take action to meet those needs, rather than pursuing their personal agendas. We need to support and work with the Governor to move this great state of Arizona forward. Arizona deserves a public school system funded to educate future leaders of Arizona. We need to have "Smart Growth" in District 4, designed to protect our quality of life. Traffic, air quality, flood control, and water resources are important issues that need immediate attention. I will be a voice for the people that elect me to this office. It is time to get back to the grass roots movement and involve voters in the process of government. Both current incumbents have not been doing the job they have been elected to do or listening to the voters. It's time for a "Fresh Start" moving Arizona forward.

Representative Tom Boone has served in the House for the last four years. During that time he has been recognized as a leader in fiscal conservatism, improving education funding, controlling our borders and for reducing our dependence on foreign oil. Tom Boone is the Chairman of the House Appropriations Committee which controls the purse strings for the state. Each year in office he has insured that taxes were cut before the budget was approved. He is committed to smaller government and lower taxes for Arizonans. At the same time, he has been able to reallocate resources to provide some of the largest increases in education funding in state history. Tom Boone passed landmark legislation to remove benefits for illegal aliens including reduced or free tuition at our state universities. This year he has focused on providing funding to control our borders since the federal government has failed to address this problem. The current budget bears over \$160 million for border control enforcement. Tom Boone has also led the way in allowing bio-diesel products and E85 (ethanol) to be produced and sold in Arizona so that drivers seeking an alternative to high gasoline prices can have other choices.

My fellow Arizonans, it has been an honor and privilege to represent you at the State Legislature. When I first ran for office two years ago I promised to fight for less spending, tax relief, and real immigration reform. I am pleased to let you know that I have kept those promises. Working with Tom Boone and Jack Harper, our district has been ranked as the best represented district in the state by the Arizona Federation of Taxpayers. We have lead the way on these issues. I have consistently voted for comprehensive border security plans and measures that would allow local law enforcement to arrest and detain illegal aliens. I have supported efforts to ease our taxes, especially our property taxes. I am the only legislator to have a bill dealing with illegal immigration signed by our governor this session. It is my hope that you will actively support your Republican team in November and I ask for your vote!

Having lived in rural Arizona for most of my life helps me understand both the advantages and the challenges of living in a rural community. My main goal in serving in the House of Representatives is to make life better for rural Arizonans, especially, the citizens of District 5. This includes better education (both K-12 and higher education), better health care, protecting our forests, keeping rural Arizona's water safe and expanding rural economic development while at the same time keeping taxes low and providing necessary state services. While I feel I have accomplished a great deal in the past 4 years, there is much more still to do. It is important that we continue to: fight for better and more affordable health care, increase funding for K-12 education, provide

greater accessibility to higher education for rural Arizonans, develop more and higher paying jobs, and keep our communities safe. I also believe that we must have a secure border and must deal with the issue of immigration. I ask for your vote to keep me working for rural Arizona and you.

My name is Doug Clark and I look forward to serving you in the Arizona State House of Representatives. I am unabashedly conservative with the courage that is needed to lead. I believe in the principles of lower taxes, secure borders, limited government, and traditional family values. As a native Arizonan, I cherish the values that make our state and nation great. Having lived in five foreign countries and visited over forty, I have had the opportunity to experience first hand why our country is recognized as the model for nations around the world. I am proud to be an American. As your State Representative, I will fight to reduce the burden that taxes place on you and your family. I will work hard to find real solutions to the epidemic of illegal immigration that has swept over our state. I will help to ensure that each and every Arizona child has the opportunity to receive the best education possible. I will always stand strong in the defense of the traditional family values that are the backbone of our great nation – protecting the unborn and the aged, protecting marriage as being between a man and a woman. I will continue to solidify improvements on the transportation system in our district and keep pressure on those responsible for zoning that it not be manipulated or abused. As your Legislator, I will develop common sense solutions to Arizona's current challenges: immigration, education, crime and jobs. I will work with the Border Patrol and National Guard to secure our border with Mexico and support employer sanctions to stem hiring illegal immigrants. I will legislate salary increases for teachers to attract and keep the best teachers for our children. I will ensure that our first responders (police, EMTs, fire fighters) have access to smart and safe technologies and proper funding to keep them and us safe. I will make sure our tax structure is fair so we attract large and small employers. I will support the development of alternative energy to ease our current dependencies while creating employment opportunities for Arizonans. I will do this with my constituents and all Arizonans in mind, working as an Independent voice. As a business women, former educator and mother, I understand fiscal and personal accountability and the value of being a responsible representative. My strength and enthusiasm comes from working with people, gathering information, and building on ideas to solve problems so please call me with your ideas and concerns (602-321-3770). I moved to Arizona 6 years ago to create my own internet company, after being a volunteer EMT in Illinois and teaching computer science at Northern Illinois University. My experiences building and running an eLearning company have taught me the value of common sense and innovation. As your representative I will protect Arizona's bottom line, our families, by fighting for excellent schools to train a world class workforce that stays here in Arizona. Arizonan's deserve to feel safe and secure and I will work to insure that we have access to healthcare and practice smart, sustainable growth for our cities and towns that brings good jobs closer to our homes. Innovation is key to growth and I will push to streamline Arizona's bureaucracy to get Government out of the way of good business while still protecting our natural heritage. We must secure our border and I will work with the Governor for real immigration reform, including real penalties for business owners who hire illegal workers instead of Americans. With my background in public service and pioneering new businesses I will bring practical, conservative and realistic solutions to the challenges facing Arizona and District 7.

I was employed in California by Intel Corp. They relocated me to Phoenix in 1982 to work as a Technical Writer for their Systems Division. Our family immediately fell in love with Arizona. Eventually I went into business for myself as a Private Investigator. This was great training for me to become a legislator, as the principal for each endeavor is the same: (Follow the Money). Being appointed to the Appropriations Committee, helped me understanding the operation of each of the State Departments. Appropriations approves all the financing for the entire Arizona State Government. Because of this committee, within a few months, I had become familiar with the complete State System. In my second term, I was chosen to be Chairman

of the Environment Committee. This appointment has made me more keenly aware of some of the problems we now face, that if not addressed, will overwhelm us in the future ie; water availability, automobile pollution, water contamination, etc. I subscribe to Conservative Principals & Fiscal Responsibility. I will vote to secure and control the Mexican border. We can't independently decide which laws we're going to obey and which we'll ignore. We must all obey the law.

Stephanie Rimmer is a business woman, community activist, wife and mother of four. She believes we must use common sense to develop solutions to the real problems facing Arizona citizens. Rimmer advocates for a strong, diverse economy; quality, competitive educational opportunities; and increased access to healthcare and prescription drug benefits. Rimmer believes in tough border enforcement to ensure the safety of our communities. She stands behind efforts to eliminate illegal border crossings including cracking down on human smugglers who bring violent crime to our neighborhoods. She supports the 2nd Amendment in addition to being pro-business, pro-family and pro-education. Rimmer believes it was never intended for our government to be taking such a high percentage of our personal money in taxes and believes we need both personal and business tax reform. As a small business owner, Rimmer supports policies that are friendly to the business community. Rimmer is an advocate for local control supporting the autonomy of local governments to enact legislation based upon their individual community needs. Providing Arizona children with a quality education is Rimmer's top priority. Without quality schools we will not have the quality jobs and educated workforce to make Arizona competitive in the 21st Century economy.

Michele Reagan

Party: Republican **Campaign Funding:** Nonparticipating **Web:** www.VoteReagan.com

Michele Reagan was first elected in 2002 and is finishing her second term serving District 8 in the Arizona House. Rep. Reagan's primary focus while in office has been being a voice for Arizona small businesses. She moved to Arizona with her family in 1991 where they operated FASTSIGNS on Central Avenue in Phoenix for 10 years. She saw first hand that small businesses are the backbone of our local economy. A strong supporter of Arizona businesses at the Capitol, Rep. Reagan was named the Chairwoman of the House Commerce committee where she works on economic issues, tax policy and reform, and attracting higher wage jobs to Arizona.

Rep. Reagan believes a thriving economy is vital as we move Arizona forward. Priorities such as quality education and adequate healthcare are only possible within a strong economy. Rep. Reagan has also been involved in water legislation and protecting our state's most valuable natural resource. In addition to being small businesses' champion, she co-sponsored legislation combating identity theft, has been involved in the legislation aimed at reducing methamphetamine production, strongly supports raising teachers' salaries, and ran the bill that made human smuggling a crime in an effort to stop illegal coyote rings.

I worked for the last 7 years under the leadership of Janet Napolitano. Twelve years in the Attorney General's Office. I have seen how good government works and share the Governor's vision of common sense ideas moving Arizona forward. For several years, our representatives in District 9 have given us more nonsense than common sense. Their ideas are stale, their vision for Arizona's future shortsighted. That is why I decided to run. Investing in Arizona's children to help them grow into intelligent, skilled and a well sought after workforce is a priority. Working with the Governor and my fellow legislators to keep Arizona's children safe, ensure that all our children have the opportunity to grow up healthy, happy and receive a quality education,

maintain a balanced budget, address healthcare, secure Arizona and help to build a strong economy by creating high quality, good paying jobs to keep Arizona's future strong and prosperous. First of all, thank you for your support in 2004, which was based on several specific promises. Now the main question is: Have I kept my promises? I promised to "work with Rep. Stump to defend marriage, protect your tax dollars and fight the epidemic of illegal immigration" rather than cancel out his common-sense conservative vote. The record shows that I have kept that promise and more. Rep. Stump and I have built a great camaraderie and work together to advance solutions to the issues faced by residents of District 9. I have sponsored and co-sponsored bills to secure our border, limit property tax increases, end eminent domain abuse, protect your Second Amendment rights, increase health care options for seniors, increase parental

education choice and support pro-life/pro-family social policies. I've received awards for being a "Champion of the Taxpayer" (Arizona Federation of Taxpayers), "Friend of the Family" (Center for Arizona Policy) and "Legislator of the Year" (Arizona Association of Home Care). Help me continue to fight for you to crack down on illegal immigration, lower taxes, reform education and protect families. Vote for Rick Murphy for State Representative. Praised by Citizens for Arizona Policy as "one of Arizona's most articulate and eloquent champions of conservative ideals," State Representative Bob Stump has become one of the Legislature's authorities on health care policy. He has served on five of the most important committees in the Legislature: Ways & Means, Commerce & Military Affairs, Financial Institutions & Insurance, Education, and Health. Bob's bills have attracted national attention, making front-page news in USA Today, and they have become model legislation for other states. Bob has been the prime or co-sponsor of bills cracking down on illegal immigration, improving the standard of care in our nursing homes, and promoting innovative education

reform in Arizona. Bob has been honored by the Alzheimer's Association and he has received the "Legislator of Distinction" award from the Arizona Healthcare Association, which recognized his leadership in promoting health care policies benefiting Arizona's seniors. For several years in a row, Bob has received the Arizona Family Project's "Friend of the Family" award for demonstrating "a strong commitment to strengthening Arizona's families and promoting pro-family values and ideals," as well as the "Friend of the Taxpayer" and "Champion of the Taxpayer" awards from the Arizona Federation of Taxpayers.

I moved to Arizona when I was nine. I attended Moon Mountain, Mountain Sky, and Thunderbird High School. While attending college, I began my 11-year career with Wal-Mart and currently oversee internal and external theft. I have lived in or around district 10 for nineteen years. There is no bigger problem facing arizonans than illegal immigration. The federal government has failed to act. In order to have successful immigration reform, these procedures must be implemented simultaneously: 1. secure our border 2. punish employers that hire non-citizens 3. Offer illegal immigrants that are already here the opportunity to apply for citizenship by first registering as guest workers. After obtaining work visas, illegal immigrants should be able to get drivers licenses and insurance as well as pay income tax. Only then, as established law abiding and hard working individuals, should they have the opportunity to apply for citizenship. Failure to act is not an option. Other issues that are important to me are education finance reform, increasing solar power usage, health care reform, and property tax valuation freezes for elderly homeowners on fixed incomes.

Party: Democratic **Campaign Funding:** Participating **Web:** www.jackiethrasher2006.org

For more than 25 years I have been a teacher and community leader in District 10. As a candidate I have listened to many peoples concerns about crime in their neighborhoods, the importance of their child's education and the impact of illegal immigration. As your State Representative I will lead the fight to crack down on illegal immigration and enforce tough sanctions on employers that hire illegal immigrants. I will support teacher pay increases and full day Kindergarten. I will work to reduce prescription drug costs to ensure people's access to affordable health care. I support a balanced state budget and maintaining Arizona's Rainy Day Fund. I believe in working with our Public Safety professionals by putting more Police officers on our streets and taking enforcement action against identity theft, drug smugglers and meth labs. Once arrested and convicted, these criminals must serve their sentence in fully staffed prisons. It's time to move Arizona forward and replace political posturing and partisan games with real solutions to the challenges facing Arizona. I would be honored to continue my long history of public service by representing you at the State Capitol. Vote for Jackie Thrasher on November 7th for a safer Arizona.

Doug Quelland

Party: Republican **Campaign Funding:** Participating **Web:** dougquelland.com

Doug Quelland is honored to have served his neighbors at the Capitol as their State Representative for the last four years. He currently serves as the House Health Committee Chairman and sits on the influential Appropriations, Judiciary, and Rules Committees. Doug Quelland started his working life as an elementary teacher and later started his own businesses ~ Thank-Q Rentals, Bell Lawnmower, and Q's Coffee Bar, which he has operated for over 25 years now. Doug Quelland is committed to God and family. At the Capitol, Representative Quelland has used his experience as a teacher, high school soccer coach, and a businessman to enact important legislation for Arizona. As a father, he is a strong supporter of pro-family legislation.

Doug Quelland has earned a reputation as a caring person for his work on the Health Committee, working to ensure that all Arizonans have access to affordable high quality health care. Last Session, he was the prime sponsor of legislation to help small business employees access group health insurance. Legislation he has successfully sponsored includes Good Samaritan laws, medical reforms, and insurance reforms for the uninsured. Coach Quelland is committed to representing the hard working citizens of his district and Arizona.

I have been blessed and honored to serve the citizens of District 10 as your state representative. As Speaker of the House my role has been expanded. I am proud of the progress Arizona has made in education funding, tax reduction (both personal and property) and balancing the state's budget while continuing to fund the services necessary to make Arizona the fastest growing state in the union. I have never forgotten that my position is to serve the millions of Arizonans that want nothing more than a responsible government with more common sense and less bureaucracy. There is plenty to do in the upcoming years. Illegal immigration still remains unchecked because of the Governor's veto. I have worked hard to make Arizona a state we can take pride in and raise our families. I respectfully request your vote for me on November 7th so that I can continue to serve the citizens of Arizona with the experience, energy and integrity that you know me for. Thank you. Experience counts. For more information on Rep. Weiers logon to www.jimweiers.com or call him at (602) 754-2111.

While Arizona has benefited greatly from the leadership of Governor Napolitano, our State Legislature refuses to help her move Arizona forward. When the Governor seeks new ways to improve our schools, this Legislature focuses instead on allowing guns in bars. When the Governor seeks real solutions to the immigration problem, this Legislature ignores our law enforcement officials in their effort to gain political points. We deserve better. As a husband and father of two small children, I want to make sure all of our children are able to receive a quality education. As a small business owner I want government to be fiscally responsible and provide Police and Fire Fighters the tools they need to keep us safe. As a State Representative, I will

bring respect back to the Legislature. This campaign is about providing safe neighborhoods, strong schools and a secure border. Join me in creating a better Arizona

I was born and raised in District 11 and care a great deal about the future of our great state. Arizona needs strong leadership. I have professional experience in some of the most significant issues facing our state today. As a former criminal prosecutor, I have worked on the front lines in the war on crime. As a small business owner for ten years, I know the important role the state plays in creating a conducive atmosphere for economic growth. I currently have my own law firm, specializing in federal immigration law. Immigration is one of the most controversial issues confronting our state today. My practical knowledge in this area will be an asset as the state works to solve one of its biggest problems. Perhaps my greatest priority is Education; which is crucial

to development of Arizona's future workforce. As a father of school-aged children, I have a particular interest in improving the educational opportunities for all Arizona children. We must prepare them for the 21st century job market. I ask for your vote, and pledge to do all I can to represent you and improve our State.

As a life-long conservative Republican, I'm dedicated to our party's ideals and values. As your State Representative, I pledge to make our streets safer from crime and secure our border to prevent illegal immigration, which has placed tremendous burdens on our criminal justice, education and healthcare systems. Recognized by the Phoenix media as a security expert, owning my own company, and working closely with law enforcement, I've already worked hard to reduce crime in the workplace and neighborhoods. I further pledge to apply conservative fiscal policies to our state budget, cut wasteful spending and reduce taxes. We need to improve our education system by addressing all grade levels and requiring reasonable test standards be met.

Parents should have options available which best serve the needs of their children. I also support practical solutions to healthcare quality and affordability. I've served on numerous civic organizations, including the Phoenix Chamber of Commerce's Public Affairs Committee, and helped lead the fight to block making Route 51 a toll road. I've held many District, County and State Republican Party offices, including current Second Vice-Chairman of LD11 and County Member-at-Large. I ask for your vote and would be glad to answer your questions at 480-991-5689.

To the voters of District 12, my heartfelt thanks for your past votes and support. It is an honor and privilege to represent you in the State Legislature these last two years. As promised, I have made your priorities my priorities and have worked hard to combat illegal immigration, improve transportation, defend family values, and fight to shrink the growth of state government. I am proud of the awards I have received from pro-family, taxpayer, and sportsmen's groups and will continue to work hard on your behalf. As always, please feel free to contact my office here at the State Capitol at (602) 926-5894 if you have any needs or concerns. I also urge you to work hard on behalf of our Republican nominee for Governor and Attorney General. I cannot begin to tell you the number of good bills that Governor Napolitano has vetoed or the degree to which Terry Goddard has obstructed our work through the courts. I hope you will join us all on the campaign trail this fall. I ask for your vote and continued support. Thank you. In your service, Jerry Weiers

Representative Steve Gallardo is life long west valley resident and Democrat, who continues the battle to move Arizona forward. Steve has lead the fight to increase Arizona minimum wage for working families. Steve believes that if you work 40 hours a week, all year long, you should not live in poverty. Steve recognized that the minimum wage needs to be raised to keep pace with the rising cost of living by automatically adjusting for inflation. As a Representative, he is committed to making our communities a better place to live and work. Steve has work hard to create more affordable housing and protect our neighborhoods from pollution and hazardous waste facilities. He is fighting for higher teacher pay, drop-out prevention programs and is fighting for the expansion of full-day kindergarten. Steve recognized that Immigration is the number one issue facing our state and country. Steve support real immigration reform. He believes that immigration is too important and must be taken seriously, he supports a comprehensive immigration reform, which deals will all portion of illegal immigration. Representative Gallardo brings experience, hard working leadership to the Legislature and with your support we can continue to move Arizona forward.

As a native of the Valley and nearly 35 year resident of District 13; I have seen the many transitions we have experienced and have continually developed a strong appreciation for the wonderful people of this vibrant, diverse community. I have had the pleasure of raising my three children to adulthood and now marvel at the growth of my nine grandchildren living and contributing to our new community. I am committed to see that our community continues to be the dream of Westside families; by assuring safe neighborhoods, facilitating affordable housing and high quality public services, promoting accessible superior health care and exemplary education for our children. My work in the community for over 30 years has focused on these key issues while serving on the boards of the Cartwright School District and Maryvale Hospital, administrating Valley Corp. (a first time home ownership program) and saving babies lives through Maricopa County Public Health projects. It is my pleasure to serve you and an honor to have gained your trust in my leadership. Please consider my passion, commitment and experience when voting in the next primary election. I look forward to the many successes and growth opportunities in our future. Many Thanks.

John Stevens is an ordained minister with over forty-five years in ministry and community service. He has served as an Associate Pastor, and a staff pastor in Arizona with two independent, non-denominational, Christian churches. He is fluent in English and Spanish, and has been a missionary in Mexico and Guatemala and ministered as an evangelist, teacher; counselor, author, youth director, Director of a Bible College, and song leader. He has studied the Constitution and workings of Arizona's government. John and his wife Sandy have been married for twenty-two years, and they have lived in Legislative District 14 all of that time. In October of 2004, CPS placed in their care a five-year-old boy and a twelve-year-old girl, who live with them full-time.

They also care for two other children, a one-year-old girl and her nine-year-old sister, on a part-time basis. John Stevens brings with him a unique blend of common sense and practical skills that make him the refreshing change needed in the Arizona House of Representatives. He practices good old-fashioned conservative family values, and believes we need to return to the philosophies and teachings of our founding fathers. He has excellent leadership and administrative skills, and is able to work with all people in the legislature to address and solve the problems and pressing issues facing Arizona. John Stevens will be an excellent, accessible and responsive representative of the people and voters of Legislative District 14.

Hello, My name is Richard Buck and I am your Libertarian candidate for state representative. I have decided to run because I believe the state government is out of control and out of touch with its citizens. Too much of your tax payer money is being spent on interests that are best left to the private sector. As your state representative I would work in a non-partisan way to stop this waste of your money and help restore your government to its constitutional requirements. I believe the single most important issue facing us locally is the education of our youth. This issue affects all of us. Where there is a lack of education the associated problems that arise will affect us all. Where there is good education society moves forward in a positive way.

It is just that simple. There are many other issues that affect our quality of life and I will work hard on all of them so we all can move forward together as we enjoy life here in the great city of Phoenix. I need your help in this effort. I am seeking your endorsement with a vote for Richard Buck State Representative Legislative District 15.

I am currently a State Senator from District 17 (Tempe/S. Scottsdale), a mental-health counselor in the Roosevelt School District, and an ASU faculty associate. I have been an active member of the Tempe/Scottsdale community for over 10 years. I am a board member of the Kiwanis Club of Tempe and Tempe Boys and Girls Club and received the 2004 Martin Luther King Jr. Diversity Award for my community service. Like my predecessor Harry Mitchell, I am an energetic advocate of working-class values. As your State Senator, I fought to raise the minimum wage in Arizona and in last year's budget, I successfully secured more financial aid for Arizona's college students. I look forward to applying my experience from the State Senate to the State

House. I will remain a committed public servant and an advocate for fully funded public education, a living wage, and affordable and accessible health care. Because the federal government has failed, Arizona needs to find common sense and realistic solutions to our immigration problem. As your State Representative, I will seek meaningful reform that addresses the root of the problem. We must enforce our immigration laws and punish employers who knowingly hire undocumented workers.

David Schapira

Party: Democratic **Campaign Funding:** Participating **Web:** www.DavidforAZ.com

My focus at the Legislature will be the education of Arizona's children. As a Valley native and former public school teacher, I know Arizona's future depends on investing in student learning. We must reduce class sizes, pay teachers reasonable wages and work to make ASU a leader in higher education and research. Improving education will prepare Arizonans for new, better paying jobs. More people will have health coverage and fewer will seek state services. Immigration also greatly impacts our state. Although it's principally a federal issue, our state legislature has failed to protect the interests of Arizonans. Legislators neglect to fully fund law enforcement efforts to catch human smugglers and stop identity fraud. They give in to special interests by not going

after employers who knowingly hire illegal immigrants. We must prosecute those offering the supply and demand when it comes to illegal immigration. The current Legislature has misplaced priorities, failing to provide for Arizona's future. It's time for change! We need capable leaders that will work for the people of our district. I have worked to improve our community as an educator and community activist. I will continue to fight for us at the Legislature. Contact David Schapira: 480-588-5439

Dale Despain, your voice of reason in the legislature. Forty-two years of marriage to my wife, Marie, and my commitment to our children and grandchildren taught me the importance of strong family values, deep community roots and vibrant neighborhoods free of adult oriented businesses and other blight. Thirty-two years as a principal and district administrator in the Tempe Schools and as an adjunct professor at ASU prepared me to be a well-versed, aggressive advocate for quality education for preschool children through university graduate students. Six years as a member and chair of the Tempe Chamber of Commerce government-relations committee taught me the necessity of fostering entrepreneurial opportunities to maintain a strong, open economy.

Four years as a senior citizen give me insight into the unique monetary and health requirements of an aging population. My common sense tells me we must secure our borders and push for immigration reform. My experience of living within an educator's income qualifies me to speak of the necessity of reduced taxes and tight, prioritized, balanced budgets. Please refer to www.daledespain.com for action plans and a complete resume. I ask you to vote for Dale Despain. Send an experienced voice of reason to the legislature!

Party: Democratic **Campaign Funding:** Participating **Web:** www.electlara.com

I am Lara Wibeto, wartime Army veteran, married mother of three, former social work case manager, and former Arizona public school teacher. The discipline and responsibility learned from my personal and professional experiences taught me to communicate effectively, overcome obstacles, and work as a team to accomplish goals. I ask for your vote on November 7, 2006 as I continue my commitment to democracy, working to protect the future of our Mesa community and Arizona. Today, I see threats to our community requiring me to serve my country again. The threats we face today are-Threats to education, Threats to healthcare,Threats to business owners and their employees. My opponents failed to Adequately fund education, Provide affordable, quality healthcare for Arizona citizens, Offer targeted tax relief to businesses for employee benefits, Fund public safety programs to protect our families, Improve veterans' accessibility to benefits counselors. I believe in a Mesa that has a strong economy. When this happens, citizens and families will thrive, businesses will grow, and our quality of life will prosper alongside our community. Elect Lara Wibeto for District 19 State Representative A Veteran for Education, Healthcare, and Business. www.ElectLara.com

My name is Kirk Adams and I am seeking a second term as your representative in the Arizona Legislature from District 19. Through first hand experience I know the challenges facing our great state and what it takes to advance the state of Arizona. As your representative I have pledged to confront these challenges in a thoughtful and straightforward manner. With your vote I can continue to do so for the next two years. I am running for the Arizona House because I believe we must REFORM how state government spends our money and reform our broken border security. We need to AFFIRM our values by protecting traditional marriage and the unborn, and by providing a quality education for our children. We must GROW our economy by reducing taxes on families and small businesses. I love Arizona. And like you, I want to preserve and improve Arizona as a great place to raise a family or start a new business. Working together we can make it happen. Your support is critical. I hope you will join me. For more information please visit my website at www.kirkadams.org.

It would be a privilege to represent the people of northeast Mesa at the Arizona State Legislature. By way of introduction, I was raised in Flagstaff and Safford and have now lived in Mesa for nine years. I have a wonderful wife of 17 years and seven children. My education includes an MBA from the University of Notre Dame and a Masters in Accountancy from BYU. I serve on the Mesa School Board and am active in the Single Mom Foundation and Mesa Baseline Rotary. For employment I am the president of a firm called CN Resource that assists with oversight of USDA child nutrition programs. I also serve as the CFO of Crandall Corporate Dietitians and am a licensed Arizona CPA. There are several issues being addressed by the legislature that are important to me but my top four are education, safety and security, family values and meaningful economic development. I am for school choice, a strong border, protecting the unborn and lowering taxes, especially business and personal property taxes. I would sincerely appreciate your vote and support on Tuesday, November 7, 2006.

No matter what your political beliefs may be, most all of us want the same thing: we want to live peaceable and quiet lives in honesty and safety, and want the freedom and opportunity to pursue our dreams, wherever they may lead us. To that end, we form governments to defend our borders and enforce our contracts. But beyond those limited duties, experience has taught us that government frequently does more harm than good. When government infringes on our freedoms of life, liberty and property, it has no valid authority. No man has the right to unjustly deprive his fellow man of life, liberty or property - even if that man has a shiny badge or a black robe. Neither Republicans nor Democrats have demonstrated the backbone to limit government to its enumerated duties, so it's up to us - the citizens who would rather stay out of government - to do so. As a member of the Arizona House, I plan to say to our the government: 'You do your job, let us do ours.' Government should fear the people; the people should not fear the government. Freedom is the answer. What's the question?

It has been a pleasure and an honor to serve the residents of District 20 as your State Representative. I believe I have fulfilled my commitment to the voters in working towards a safer, more prosperous, and better educated Arizona. There is still much to be done. We need to work towards a more secure border, expand our highway infrastructure, put more resources and accountability into the educational system, keep our taxes low, and foster a business-friendly economic environment. Economic development is critical to the state of Arizona. Good jobs mean a healthy economy. Based on my background in the business world, I was chosen to serve as Vice-Chair of the House Commerce Committee. In that role I was able to shepherd legislation that promoted a prosperous Arizona and to defeat proposals that would add unnecessary tax or regulatory burdens. I personally sponsored twenty bills during the past session and eleven were passed into law. Both Representative Bob Robson and I are eager to continue our service to the people of Arizona and ask for your vote.

It has been an honor for me to serve in the Arizona House of Representatives. Since I was first elected in 2002, improving public safety has been one of my top priorities. Over the last few years I have worked on a series of bills that provide additional protection for victims of identity theft. This session, I again passed legislation to continue the fight against this devastating crime. As your representative, I have supported additional funding for K-12 education, as well as for our state universities. I believe creating a quality university system is an investment in our future and a key to keeping our state's economy strong and competitive. As a fiscal conservative, I have worked diligently to eliminate unnecessary government spending and to reduce the burden on taxpayers. I have supported legislation that preserves the family, protects private property rights and improves our business climate. It has been a pleasure to work on behalf of the residents of District 20, and I hope you will give me the opportunity to continue this rewarding service. I would appreciate your support and ask that you cast your vote for me and for my seatmate, John McComish, in the upcoming election.

I am committed to improving the quality of life for all Arizonans. In the area of public education, I will fight for real solutions by putting the nation's best teachers in every Arizona classroom and increasing teacher salaries to keep them there. I will fight for upgrading highways throughout Arizona since better roads are vital to improving our quality of life. I will fight for real solutions to illegal immigration by cracking down on human smugglers and employers of illegal immigrants. We need real solutions from our state legislature, not politics as usual. My wife and I have resided in Chandler for 24 years and raised two daughters. During that time, I have committed myself to improving Chandler's quality of life. I have served 10 years on the

Chandler Parks and Recreation Board, served on budget committees and bond committees for Chandler Schools and the city, been PTO president at Andersen Elementary, board member and coach for Chandler Girls Softball, and president of Chandler High's Softball Booster Club. After teaching social studies for 30 years in Mesa Public Schools, I retired in 2005. With YOUR VOTE and MY EXPERIENCE, WE WILL IMPROVE the QUALITY OF LIFE in District 21.

Warde V Nichols

Party: Republican **Campaign Funding:** Participating

Representative Nichols, seeking his third term, currently serves as Chairman of the Federal Mandates and Property Rights Committee, Vice-Chairman of the Education Committee, and is a member of the powerful Appropriations Committee. He also serves as Chairman of the House Taxpayer Protection Caucus. During his service in the legislature Nichols has been a stalwart conservative among an often unpredictable Republican majority. He has worked to reduce spending and taxes, support pro-life issues, protect private property rights, and secure our southern border. He is the legislature's standard bearer in protecting traditional marriage. The 37 year old lawmaker is a fourth generation Arizona native. Growing up he

learned the value of hard work on the family farm in Gilbert. Now a small business owner, Nichols is married and has two children who attend public schools. In his "spare time" Rep. Nichols serves on the board of directors for the Never Again foundation, a non-profit victims' rights organization, volunteers with the Boys Scouts and enjoys family activities. House Speaker Jim Weiers says, "Rep. Nichols is a talented and valuable member of the House. His courage in maintaining conservative principles of governing is much needed." Please return Nichols, Yarbrough and Tibshraeny to the legislature.

Rep. Steve Yarbrough is seeking re-election to his third House term. He has served on Ways & Means, Appropriations, Education, Judiciary, and chairs the Ethics Committee. Republican Majority Leader Steve Tully states, Rep. Yarbrough is one of the most respected and effective members of the entire legislature. He holds degrees in finance and law (magna cum laude) from ASU and was honored as an ASU Champion last year. Solidly pro-life and pro-traditional marriage, he was a college-level educator before practicing family law for 30+ years. He is recognized as a national leader for advancing increased school choice and improved student academic achievement. He supports low taxes, limited government, and public safety measures

including efforts to resist illegal immigration. Two children of Steve and Linda, his wife of 38 years, are East Valley police officers. Presently he serves as executive director of ACSTO, a large statewide scholarship awarding charitable organization. He is the only member of the House who has never been absent during the 670+ days of session during his tenure and has cast all 2300+ third read and final passage votes. He asks District 21 voters to please keep Sen. Tibshraeny and Rep. Nichols serving with him.

Thank you for allowing me to represent one of the fastest growing legislative districts in the state. As an Arizona native I recognize the benefits of dynamic growth as well as its challenges. As the House Transportation committee chairman I've been able to secure \$350 million in this year's legislative budget to accelerate the building of roads and freeways. When I first ran for office I promised that I would be an advocate for less government and fewer taxes. I kept those promises: I was recognized by the Goldwater Institute as a top defender of individual rights and your district 22 legislators were named "Champions of the Taxpayer" by the Arizona Federation of Taxpayers. I have fought to expand the e-learning program to include Gilbert Public

Schools. I sponsored a law which now prevents frivolous lawsuits against citizens who are merely participating in the governmental process. The governor also signed into law my bill which allows for the criminal prosecution of negligent drivers who kill or seriously harm others. I am pro-life. I am a strong supporter of the 2nd Amendment receiving an A+ rating from the NRA. I request your vote for reelection to the Arizona House of Representatives.

It is my honor to represent District 22 in the Arizona House of Representatives. As a native of Arizona I have seen the tremendous changes that have occurred in our state over the past two decades. I am even more convinced that we need individuals with experience in the halls of government that can balance the responsibilities of the state with protecting individual liberties from big government intrusion. I have been a leading advocate in that balance, promoting spending on critical infrastructure like freeways and education while diligently working to protect individuals against excessive taxation, eminent domain abuse and other government intrusion. I have been recognized as a "Champion of the Taxpayers" by the Arizona Federation

of Taxpayers. I am a leading advocate of limiting government to its proper role. As a team, the Goldwater Institute has ranked your District 22 legislators as the #1 defenders of individual freedoms. I have worked tirelessly to protect individual property rights. I am a staunch supporter of closing the border and defending our sovereignty. I have been endorsed by Arizona Right to Life, NRA, police and firemen. I thank you for your trust in me and ask for your support in my re-election.

Immigration has become a very hot issue in the recent past. Yet, this is not a new issue; the federal government has allowed this problem to fester for generations. In 2003, Rep. Rios envisioned immigration becoming an even bigger problem, so a sole sponsor he introduced a Senate Resolution on money transfers. This bill would impose a surcharge on the \$18 BILLION dollars being electronically transferred from the U.S. to Mexico, by undocumented immigrants. The surcharge would have raised millions and millions of dollars from these folks to pay for their healthcare, education and jail costs. This Resolution to congress was passed by the State Senate, but was killed by the Republican majority in the House of Representatives. Rios vows to continue to fight

for sensible solutions to the immigration problem and securing the border. Pete, who has both a Bachelor and Masters Degree from ASU, will also continue to push for legislation for quality education, clean environment, and better highways and corridors for Pinal County and LD 23. Rios continues to be endorsed by teachers, firefighters, nurses, police, lawyers, prison officers, environmental groups, and realtors. Pete asks for your endorsement and vote in November.

I am a veteran, a businessman, and an entrepreneur. I know how difficult it is to find a good job, make payroll and provide insurance. I know the importance of an educated workforce, the dangers of illicit drugs use, and the importance of our children's dreams to society's future. District 23 needs a fresh new voice and new representation. 1) Pinal County is not receiving its share of state funds and I will work to get more state dollars invested on our roads and infrastructure. 2) I will support securing our borders. Our current Representative sided with the illegal immigrants -- I WILL NOT. Amnesty is not what Arizona wants or needs. We need to secure the border and we need action. The federal government is debating immigration

policy, but we need to act now. Employers / Government need an easy way to verify legal status and Arizona must stop spending our limited resources providing health and education benefits to illegal immigrants. 3) Arizona must work smarter and closer with the Native American communities to promote growth, education and opportunity. I am asking for your vote and the opportunity to be your voice for more responsible Government. Thank you.

I was born and raised in Yuma County and I have taught for more than 28 years in Yuma County Schools. My husband Mike and I have been married for 28 years. We have 1 daughter and 2 beautiful grandchildren. I am running for the legislature because I am concerned about the quality of education being provided to our future leaders. We must develop a real solution to ensure our borders are safe and secure, that growth is managed, and that critical infrastructure needs are addressed throughout the state. I have learned there are no easy answers, but I believe working together, we can move Arizona forward. Governor Napolitano is doing an outstanding job and I would like the opportunity to assist her in her efforts to make Arizona safe, strong and prosperous. I know I don't have all the answers. My promise to you is simple. I will do my best to represent the District at the Capitol, to fight for more funds for rural Arizona and to make sure the needs of Yuma and La Paz counties are not forgotten. I will always be available to my constituents at 928-246-0846. I hope I can count on your vote.

Accountability and accessibility are what I offer to you as your State Representative. The most important component in our quality of life is safe, gang-free communities. I will work to ensure our local law enforcement agencies have the resources needed to crack down on human smugglers, money laundering and drug trafficking. To make this possible we must use the best available technology to secure our borders. To reduce the influx of undocumented workers we must enforce sanctions on employers who knowingly hire them. I am committed to improving public education, increasing access to affordable healthcare, and expanding rural economic development. We need to raise teachers' salaries and make sure they have the resources to teach manageable class sizes. Health insurance pools for small businesses and the self-employed must be expanded to support business and employment opportunities for all Arizonans. As a Christian, a mother of two and a businesswoman, my values, common sense and business experience make me a great choice as your State Representative. My community service and life experiences have prepared me to bring a strong sense of justice and reasonableness to this elected office. I am here to serve you.

A resident of Arizona for most of the past 37 years, I am committed to helping improve public education and health care, keep families safe, solving the illegal immigration problem by stopping human smugglers and drug traffickers and enforcing employer sanctions. After working with budgets for the Army for 24 years I am a fiscal conservative, adamant about funding vital programs without frivolous spending. I will do what is right to protect our environment, and help the most vulnerable members of our community. Our children deserve a world-class education from the best teachers, and I will fight to raise teacher's pay. Our seniors deserve easy access to affordable prescription drugs and medical care. All Arizonans should feel safe

in their neighborhoods and in their homes, and I will fight for more police and fire personnel in our communities. I will focus on getting real results that benefit all Arizonans, such as smart growth and responsible economic development. I will bring significant personal skills to public office and am ready to take those strengths and commitments to the State Capitol, work closely with Governor Napolitano and legislators, and represent the best interests of the people in LD 25.

I am proud to run on my record of integrity and accomplishment. I have shown the courage to do the right thing regardless of the political consequences and the ability to maintain my effectiveness in representing the citizens, particularly the children, of Arizona. Too many politicians take the easy way out when faced with political pressures from within and outside the legislature. That makes me different and that's good for Arizona. I have an appreciation for a sensible philosophy, a government closer to the people with less bureaucracy and less government involvement in our lives. And where we do have government, let us do it with balance, with respect for the taxpayer and respect for those citizens we serve. Government should be efficient, effective and when we do assist our citizens, we should do it with a goal of helping them become self-sufficient. I believe the legislature and its legislators are not the answer to all our problems. Yet, as legislators we do have a responsibility to use our common sense, listen to the citizens and provide leadership in meeting the challenges of today and the future. Thank you. Pete Hershberger

I will work toward protecting the definition of marriage, promoting the sanctity of human life, defending 2nd amendment rights and religious free speech. I've been MARRIED over 24 years to January and we have three CHILDREN. I'm a design/build custom HOMEBUILDER, registered civil engineer, licensed general contractor and licensed real estate broker. I am a 10-year U.S.A.F. VETERAN of both the enlisted and officer corps, a member of the NRA, a MINUTEMAN and more. I ENDORSE JON KYL for U.S. Senate, RANDY GRAF for Congress. I hope you will too. Thank you and REMEMBER: JORGENSON, "HE'S THE ONE." A true Reagan Republican.

Candidates for **State Representative - District 27**

Olivia Cajero Bedford

Party: Democratic **Campaign Funding:** Participating **Web:** azleg.state.az.us

Olivia Cajero Bedford has distinguished herself as a leader uniquely dedicated to her constituents and has received high marks in her South and West Side district of Tucson. She grew up in a political family that placed a high value on public service. Understanding the importance of public service, Rep. Cajero Bedford became the second generation in her family to represent Southern Arizona. She followed in the footsteps of her parents, Bernardo "Nayo" Cajero and Carmen Cajero who served a total of 28 years. Working closely with the Governor, full-day kindergarten was implemented, salary raises for the U of A faculty and teachers, funding for the completion of Rio Nuevo and tax relief for families and businesses. Priorities will be to support partnerships between high schools, businesses and colleges to prepare our students for the jobs of the future; support raising the minimum wage and enforcing tough sanctions against employers who hire illegal immigrants. Rep Cajero Bedford strongly defends a woman's right to choose. Her leadership is shown in her character--straightforward and honest, having integrity and treating people equally along with a perfect attendance record speaks volumes of her dedication.

I am a 37-year resident of District 27, a lifelong Democrat, married, and father of two adult children. I came to Tucson in 1969 to help start Pima College and have worked in health in Arizona since 1973. I am the elected leader of the House Democrats. In the 2006 session I introduced bills on universal access to health care, price gouging, and instant run-off voting. After my first session the Arizona Daily Star called me a voice of civility and intelligence in the legislature. So far, the Sierra Club and the AZ Education Association have endorsed me for 2006. Endorsers for my 2004 race in addition to the two for 2006 included the Arizona AFL-CIO, AZ League of Conservation Voters, AZ NOW, Planned Parenthood, and the Fraternal Order of Police. When reelected I will continue to speak out for greater investment in public education, greater access to affordable health care, and an active, responsive, and compassionate government. The current legislative leadership, instead of improving our quality of life, is more interested in forcing their narrow viewpoints on us. I want to work with Gov. Napolitano. I want to represent you in the Legislature

Gene Chewning

Party: Republican **Campaign Funding:** Nonparticipating **Web:** votechewning.com

Gene Chewning was born in Tucson, AZ. He is presently the senior pastor of Living Word Assembly of God Church. Gene's wife, Sarah, is a legal immigrant to the USA and works as a school teacher. Gene has two children; Michael, age 25, and Judy, age 24. Michael is a disabled veteran from the Iraq war. Gene is a veteran and has received the Combat Action Ribbon for combat experience in Vietnam. He is an American Legion Chaplain and also a VFW Chaplain. Gene will provide District # 27 with leadership and will champion the district's needs at the Legislature. No current issue is more important than effectively securing our borders and reducing the economic strain that illegal immigrants are putting on our state. Currently, Arizona spends more than \$2 Billion per year to educate, incarcerate, and provide medical attention to those in the country illegally. Gene believes in the sanctity of life, marriage and family. Gene also believes in supporting and pursuing legislation that increases the economic opportunities for the people of District 27 and decreases the tax burden on the taxpayers. Gene invites you to contact him at VoteChewning.com and looks forward to meeting you during this campaign.

David Bradley

Party: Democratic **Campaign Funding:** Participating **Web:** <http://www.bradley2006.com>

I am requesting the support of District 28 voters for the third time. I believe that my voting record has reflected the positions of my constituents. Those votes demonstrate a forward moving agenda that recognizes the importance of education from pre-K to university, the connection between protecting our most vulnerable citizens and providing opportunities to all Arizonans that stimulates economic growth and development. During my tenure in the legislature I have consistently voted to increase wages for State employees and public school personnel, protect our environment, promote public health, and protect healthcare coverage for the poor and the working poor. Working with colleagues in both parties, I have had legislation passed

that put anti-bullying measures into schools, acquired post-secondary school funding for foster children, protected consumers from medical fraud, assisted medical research opportunities for Tucson based companies and promoted cord blood stem cell storage and research. Additionally, helped by dedicated legislative staff, I have assisted many constituents in resolving problems both large and small in their day-to-day dealings with State government. If re-elected, I will continue to advocate for children and will carry on the fight against the scourges of poverty, violence and substance abuse. Arizona's citizens deserve a healthcare system, an education system, and a transportation system that work. Tucson's citizens deserve our fair share of state money so we can solve our problems in our own way, not at the pleasure of Phoenix. I will go to the Legislature as a small-business owner and a father of two children in Arizona public schools, and I will stand up for what is right. I will challenge the Republicans where they need to be challenged, but I will work with them when they are willing to do the right thing. I will never forget that I am serving not just today's Arizonans, I am also serving generations to come. I am honored that Pima County Supervisor Richard Elias is serving as my campaign chair. "We hope to see more of Steve Farley on the

public stage. He demonstrates a breadth of knowledge and insight that extends far beyond one issue." —Arizona Daily Star, 9/15/05. "Farley's experience runs wide. He's been involved in transportation, neighborhood politics, downtown revitalization and education." —Tucson Weekly, 8/18/05. "Farley has shown that he has the vision, the ideas and the guts to put new ideas on the table." —Tucson Citizen, 8/11/05.

Our District has been represented during the past four years by two incumbents of the other party. Of the 68 bills they personally introduced only 5 became law. We deserve better. Regardless of the political party realities in the Legislature, which I do not condone, we need a representative who can get bills important to our District enacted. I pledge to be a different voice—open, accessible, sensitive and listening to ALL viewpoints. The interests of constituents in a diverse District come before partisan legislative bickering and rigid ideology. Priorities are: IMMIGRATION—Stop further ILLEGAL immigration by effectively securing our border. EDUCATION—Quality education for children, coupled with strengthening school, parent and community relationships.

HEALTH CARE—Work with small businesses to provide affordable health care insurance for their employees and families. Biography: Widower, three sons. Raised in Gary, Indiana, worked summers in steel mills. Formerly Senior Attorney for Sears Roebuck & Co. and Vice President for Bank One. MBA, University of Chicago Graduate School of Business; JD, Indiana University School of Law; Guest Lecturer, Public Policy Toward Business, University of Chicago. I ask for the privilege of being one of your two State Representatives.

Candidates for **State Representative - District 29**

Linda J Lopez

Party: Democratic **Campaign Funding:** Nonparticipating **Web:** llopez.com

Linda Lopez is honored to have served the constituents of District 29 in the House of Representatives for the past six years. She has served on many committees including Health, Education, Appropriations, Rules and MVAA (Military, Veteran Affairs and Aviation.) During her tenure Linda has been an ardent advocate for education, children's and family issues, accessible and affordable health care, and economic development. Linda's experiences as an eighteen year member of the Sunnyside School Board, clinical supervisor of the La Frontera Child/Family Center, and former foster mother to 44 abused and neglected children have proven invaluable in her role as your Representative. She has been endorsed by many organizations representing education, health care, and business who recognize her as a highly effective legislator. Linda is the mother of 3 grown children and grandmother of two grandsons. She continues to serve the Sunnyside School District as a board member and still works at La Frontera Center. With your vote Linda Lopez can continue to represent the citizens of District 29 with dedication, integrity, passion and energy.

I am a fifth generation Tucson native and University of Arizona graduate who has served in the House since 2003. In that time, I have earned a reputation for standing up to the Republican majority leadership by saying what needs to be said and asking critical questions. As a Tucsonan, I believe that it is critical that the decisions that affect this community be made in Tucson and not Phoenix, and I have been successful in leading the opposition when developers and other special interests have tried to get their way at the State Capitol when our local officials do not give them what they want. Even as I have spoken out against the majority, I have been one of the few Pima County Democrats to get bills passed, having pushed through legislation expanding the rights of state employees in the workplace, protecting the free speech rights of homeowners, and promoting alternative transportation. If re-elected, I plan to continue work I started last year to improve access to health insurance for small business. Most importantly, I will continue to speak out against the provincialism, short-sightedness, and bigotry that often dominate the Republican Majority's agenda, and to stand up for Tucson.

The future direction of our State is at hand. We live in a beautiful state with a wonderful diversity of people. Unfortunately, many of our state leaders have let us down. Our education system continues to flounder and our crime rate is now the worst in the nation. The good news is that we can do better. Whether you are Republican, Democrat, or Independent, these issues are important. They affect all of us and no one party can claim them. As a teacher for the past fourteen years, I have learned to work with people from different cultures and political beliefs. As your State Representative, I will work with people from both parties to find practical solutions to help our state without worrying about the politics involved. We will make our Education system stronger and our streets safer. My opponents are nice people and I believe they care about our community. Unfortunately, they have been ineffective legislators as the problems haven't gotten any better; rather, they've gotten worse. I believe it is time for a change; a time for new ideas. I ask for your vote this November 7th. Together we can bring change to this great State of ours.

Arizona has many significant challenges that it will face in the next legislative session. Many of these challenges are unresolved issues that have not been successfully address because of petty politics and a lack of commitment to all Arizonians. One of the most important issues is the funding of public education. The Republican majority has failed to support adequate funded public education. The result of such oversight has many negative consequences, inferior education, and high drop out rates, low graduation, and a work force that cannot meet the demands of our state. I am committed to: • To making equal education a state wide agenda. Assuring that children in economically disadvantage communities are guaranteed the same

quality of education as children in more affluent communities. Quality education is a right not a privilege. • Advocating the creation of smaller classes. • Creating financial partnership with private businesses where none exist and increasing the efforts where it does exist. Businesses investment in education is their investment in the work force of the future. Our past Republican controlled legislature had the opportunity to address and solve this problem, they haven't. It is time for a CHANGE.

I was first elected in 2000 and have been serving you since that time. This year I sponsored an appropriation bill creating small grants for non-profit organizations that provide crisis pregnancy counseling. I believe the only way to stop abortion is one heart at a time and this counseling can be a step in that direction. I am the leader in trying to reform payday loans. Before I was elected, legislation was enacted that allowed the creation of these businesses. The interest rate is between 400-800% APR. Our young military are especially targeted and I find that unacceptable. I now have the votes to pass meaningful legislation to get this under control next year. I consistently vote to cut taxes and advocate for fiscally responsible budgets. I am a strong

advocate on education, healthcare, elderly, veterans, economic development, and children's issues. I believe in securing our border and I voted for employer sanctions against those who hire illegal aliens. I have supported various border proposals that will provide border and interior enforcement. I ask that you continue to support me and allow me to continue serving you, the people, of Southern Arizona. For information on the issues, please visit www.mcclure2006.com

I want to thank the voters of Southern Arizona for electing me to my first term in 2004. It has been the most exciting two years of my life and a tremendous honor to serve you. Thank you for your continued support when I was called up for active duty for six months by the United States Army Reserve during my term. I made three promises when I ran for office: I would force Phoenix politicians to pay more attention to Southern Arizona, pass a state law that would put illegal immigrant smugglers behind bars and hold government accountable for what it does with your tax dollars. In my term I forced Phoenix to give us back more of our tax dollars and held State House Judiciary Committee hearings for the first time in Southern Arizona on

illegal immigration. Because of a bill I authored, immigrant smugglers are sitting in jail awaiting felony convictions for their crimes. My efforts toward accountability and eliminating government waste led to the largest fine in state history against a government contractor who wasted taxpayer dollars. There is no greater honor than service. Thank you again. I would appreciate your support again in 2006.

Your Utility Bill

can give you the power to vote.

A driver's license isn't the only thing that helps you vote. Just show two valid forms of identification, such as:

- Current utility bill
- Current bank or credit union statement
- Arizona vehicle registration
- Current telephone or cellular phone bill

For a complete list, visit azsos.gov or call 1-877-THE-VOTE.

Here's how to be brilliant at the polls.

Voting is not only an important right you have as a resident of Arizona, but it is an easy one to exercise. Just follow these simple instructions to “know before you go,” and happy voting!

As an Arizona voter, you should be able to show proof of identity at the polling place before receiving your ballot. When you arrive, simply give your name and place of residence to the election official, then present one (1) form of identification that bears your name, address and photograph OR two (2) different forms of identification that bear your name and address.

Acceptable forms of ID with photograph, name, and address of the voter (1 required):

- Valid Arizona driver license
- Valid Arizona nonoperating identification license
- Tribal enrollment card or other form of tribal identification
- Valid United States federal, state or local government issued identification.

If you don't have one of the above, simply bring any two acceptable forms of identification that do not require a photo.

Acceptable forms of ID without a photograph that bear the name and address of the voter (2 required):

- Utility bill of the voter dated within 90 days of the date of election (a utility bill may be for electric, gas, water, solid waste, sewer, telephone, cellular phone or cable TV)
- Bank or credit union statement dated within 90 days of the date of election
- Valid Arizona Vehicle Registration
- Indian census card
- Property tax statement of the voter's residence
- Tribal enrollment card or other form of tribal identification
- Recorder's Certificate
- Valid United States federal, state or local government issued identification, including a voter registration card issued by the county recorder.

Note: In all cases, an identification will be considered “valid” unless it can be determined on its face that it has expired.
